Emergency Oil Plan Started for Europe Equalization Adopted, Mental Health Waits

Exterior of new Christian Education Building to be dedicated Sunday by Fair Street Reformed Church. (Freeman photo).

Public Invited for Inspection in Afternoon

Fair Street Church Will Dedicate New Education Building on Sunday

The new Christian Education building of the Fair Street Reformed Church will be formally dedicated at the 11 o'clock service Sunday, December 2, and will be opened for inspection at an afternoon reception.

Participating in the dedication ceremony will be Dr. Earl Soper, speaking on the "Community's Challenge to the Christian Church in the Education Field." Miss Marian VanHorne, national director of Religious Education for the Reformed Church, will present the church's new means for meeting that challenge.

Dr. Milton J. Hofman of New Brunswick, N. J., representing the General Synod and the Theological Seminary will conduct the Acts of Dedication.

Pastor to Lead Services

The service will be led by Rev. J. Dean Dykstra, minister of the church for the past 13 years. Members of the committee assisting in the dedication arrangements are Hubert Hodderath, chairman, Mrs. Frank B. Seeley, honorary chairman, Mrs. Robert P. Crago, Mrs. Leonard Flicker, Mrs. John D. Schoenmaker Jr., Henry D. Eltinge, Dr. Earl Soper, Sam S. Pepper, Miss Marjory S. Darow, Mrs. Arthur H. Wicks, Edward F. Dingleday, Herbert F. Low and Robert L. Strickland.

The new building, erected during the past five months on the former Crosby property, will meet the demands of the rapidly expanding youth education program and also furnish the nursery school with one of the most modern and well-equipped settings in this area.

Reception in Afternoon

A reception will be held during the afternoon from 3 to 6. The public is cordially invited to tour the building at this time, and tea will be served in the church parlor. Of special interest besides the building itself, will be an exhibit of the entire graded curriculum of Christian education from pre-school through adult years used in the Fair Street Church. There will also be a religious book table which will give the public an opportunity to see the newest and best books for children and adults in this field, many of which are appropriate for Christmas giving.

The Crosby residence, which occupied this site until last spring when it was torn down to

MARIAN VANHORNE

make room for the new building, was used from its acquisition in 1950 for the nursery and kindergarten departments of the church Sunday school. Soon after the Crosby House took its place in the church program, a community service feature was added in the form of the Fair Street Nursery School, providing preschool training and group play during the week and open to children in the community.

Becomes State-Approved School

Under the strong and keenly interested leadership of the members of its board, the nursery school which started with one morning session with 17 pupils has now developed into a New York state approved school for practice teaching with two morning and one afternoon sessions and an attendance of about 70.

The main purpose of the new building, however, is to furnish the proper facilities for the entire family to find its place in the total program of Christian education and it was designed with this in view.

The first floor on which the nursery school is accommodated also has a parlor with kitchen for adult group meetings. On the second floor, six rooms are furnished for the primary de-

partment, and the minister's study, the secretary's office, and a conference room are also on this level. The third floor has rooms set aside for the junior and senior departments, and during the Sunday afternoon reception program, curricula materials for these groups will be displayed.

Plans by Church Architect

The architect for the new building was William H. Van Benschoten of West Park who has a special interest in religious buildings and has recently completed the architectural work for St. Gregory's Church in Woodstock.

The members of the building committee, who gave many hours to its problems, are John G. Garon, chairman; Walter T. Tremper, Edward F. Dingleday, Sam S. Pepper, Otto Haylin, N. LeVan Haver, A. Theodore Young, Stanley E. Hankinson, Augustus S. Brinnier, Kenneth H. Wood, Robert H. Herzog, Henry D. Eltinge, and Richard K. Wood.

To link the new with the old, limestone as nearly as possible matching that of the church structure itself was selected for the Fair street face of the Christian Education Building. On this facade, one large block of stone carries the seal of the Dutch Reformation. The unusual incising of the stone follows a pattern used in Medieval times and was produced by the James P. Byrne Monument Company, Ozonea Trail, Kingston.

Seal Stresses Heritage

The seal serves to unite a contemporary building with a heritage that is ancient, dating from the defiance of the King of Spain by the Dutch William the Silent in 1568. The translation of its Latin inscription, "Without God, all is frustration," and its Dutch words, "Drawing together makes power," emphasizes the opportunity for group work in Christianity which the building offers.

Mr. Van Benschoten has pointed

(Continued on Page 20, Col. 2)

93,691 more than in the previous September, an increase of four per cent.

New York city reported 935,217 pupils enrolled as compared with 921,472 the previous fall, a gain of 13,745. The rest of the state increased 79,946.

Kingston was one of 56 cities in the state, in addition to New York city, reporting increases totaling 13,425 pupils.

Other area cities showing an increase are Middletown, 35; Newburgh, 325; Poughkeepsie, 88; and Port Jervis, 100.

Five cities, including Hudson, reported decreased enrollments. The decrease in some of these cities is due to a loss of non-public schools of the state. This is

Supervisors From Four Towns Oppose Rates

Among matters which came before the Ulster County Board of Supervisors Thursday evening, at a meeting which did not get under way until after 10 o'clock due to party caucuses, was a recommendation by the Mental Health Committee for appointment of a Mental Health Board but it was suggested action be postponed until the City of

Kingston has indicated whether or not it will be included in the county-wide district.

Adoption of the equalization table which was in effect last year, except for the city of Kingston which is raised from 36 in 1955 to 42 in the new table, brought forth some discussion. Objection being made that if state rates were adopted in some instances all state rates should be earlier caucuses and more prompt sessions.

According to information brought out at a special Saugerties Town Board meeting Wednesday, C & E Trucking Corp., of Staatsburg has purchased a five acre tract on Saugerties-Woodstock road just west of the Thruway interchange at Saugerties.

Stephen Vozlik Real Estate Agency of Barclay Heights handled the sale for the owner, Albert Snyder.

It was brought out at the meeting that the transportation firm which reportedly hauls about 40 per cent of the milk from the Hudson valley farm areas to New York city, will construct a depot, garage and office approximately 208 by 60 feet. Exit will be on Route 212. The trucking terminal will serve as a central depot between northern points and New York city.

Earl Stack, president of the trucking company and the firm's attorney, Stanley Bookstein of Albany, outlined plans for the move to Saugerties before a special meeting of the Saugerties Town Board. It was reported that the town board approved the site of the proposed plant by 4 to 1.

The firm expects to employ 125 to 150 people and the payroll would be approximately \$25,000 per week, it was brought out at the meeting.

(Continued on Page 11, Col. 4)

The equalization table was offered by Supervisor Harry Snyder (R) of Marlboro and adopted by a 24 to 4 vote with Supervisor Coughlin (D) of the seventh ward passing. Supervisors Gaffney (D), Lloyd, Marshall (D), Rochester, Mollenhauer (D), Rosendale, and Fitzsimmons (R), Woodstock voted against adoption.

The firm expects to employ 125 to 150 people and the payroll would be approximately \$25,000 per week, it was brought out at the meeting.

Nurses' Alumni Gives \$18,000 to Fund Drive

The Benedictine Hospital Nurses' Alumni Association took the lead last night in the hospital's \$400,000 capital funds campaign.

By unanimous vote, the members decided that the association would pledge \$18,000 toward the new School of Nursing and Residence Building fund.

Members agreed that the school and residence is vitally needed at the hospital where the number of patients is constantly increasing. The present nurses' home was built in 1920 and was outgrown many years ago.

Fire Safety Inspections Up To School Officials: Brett

A fire safety inspection of area schools, required by a State Education Department law to be filed in Albany by Dec. 1, is the obligation of school authorities and not the local fire department, Fire Chief James M. Brett said today.

It was reported at a meeting of the Ulster County Volunteer Firemen's Association, held Nov. 20 at High Falls, that "under the law fire chiefs of each community are required to make an inspection of the schools of his district."

The schools are responsible for having the inspection made,

Chief Brett said, and have re-

(Continued on Page 2, Col. 3)

1 Million Barrels to Go Daily 15 U. S. Concerns To Pool Supplies

Washington, Nov. 30 (AP)—The government today ordered into effect its emergency program to supply western Europe with up to 1,100,000 barrels of oil daily.

Mobilization Director Arthur S. Flemming asked Secretary of Interior Seaton to activate the industry's Middle East emergency committee.

Has Standby Plans

This committee representing 15 oil companies has standby plans to pool production, distribution and tanker facilities for an effort to ease the European petroleum crisis resulting from blockage of the Suez Canal.

Most European countries already have gone under voluntary or compulsory gasoline rationing while this government withheld action—thereby exerting pressure on Britain and France to withdraw their troops from Egypt.

Flemming's action implied, but did not state, that the United States had obtained what it considers sufficient assurances from the French and British governments that their forces will be withdrawn leaving the United Nations a free hand to stabilize conditions in Egypt.

Still a Deficit

Even with the U. S. effort, there still will be a petroleum deficit of about 20 per cent in western Europe this winter, officials said, unless the canal and disrupted pipelines to the Mediterranean are restored in good time.

In spite of the heavy drain on western hemisphere oil supplies, ODM officials have said there will be no necessity for rationing in this country.

Flemming's statement today said the problem is not one of supplies but is "essentially a transportation problem."

"The number of tankers available

H. B. Patterson, Noted Saugerties Fireman, Is Dead

Herschel B. Patterson, 55, wellknown Saugerties volunteer fireman, died Thursday at his home in West Camp. He was one of the organizers and charter member of Malden-West Camp Fire Company and has served this year as vice president of the company.

Mr. Patterson was one of the leaders of the building program during the construction of the West Camp fire station two years ago. He headed many committees and was responsible for the electrical work on both Malden and West Camp fire stations.

He was employed as an electrician with Lehigh Portland Cement Company of Alsen. Born in Wellston, O., he had lived in West Camp for the past 33 years.

Until recent years, he served as committee chairman for Boy Scout Troop 33, Malden-West Camp. He was a commanding member of St. Paul's Evangelical Lutheran Church of West Camp and belonged to the United Coment, Lime and Gypsum Workers International Union Local 129.

Surviving are his wife, the former Thelma Minkler; three daughters, Mrs. Doris Bartells of Malden; Betty Lou and Lois Ruth, both at home; three sons, David W., Edwin L. and Richard W., all of West Camp; a sister, Mrs. John J. Prendergast of West Camp; five brothers, Thomas G. and John B. of West Camp; Paul H. of Catskill; Warren S. of Saugerties and Master Sgt. David O. Patterson with the U. S. Air Force; also three grandchildren.

Funeral services will be held Sunday at 2 p. m. from St. Paul's Evangelical Lutheran Church of West Camp. The Rev. Alvin F. Messersmith, pastor, will officiate. Burial will be in Blue Mountain Cemetery.

Friends may call at Hartley and Lamouree Funeral Home, 8 Second street, Saugerties at any time.

M-WC Vols to Hold Services Tonight

Members of Malden-West Camp Fire Company will hold services for their late charter member and vice president, Herschel B. Patterson at Hartley and Lamouree Funeral Home, 8 Second street, Saugerties tonight at 8 o'clock.

Firemen will meet at both firehouses at 7:45 and will attend in a body.

DIED

BRANIGAN—In this city Nov. 29, 1956; Joseph H. Branigan, son of Charles Branigan.

Friends may call at the W. N. Conner Funeral Home, Inc., on Friday between the hours of 3 to 5 and 7 to 9 p. m. where funeral services will be held Saturday, Dec. 1st at 2 p. m. Interment will be in Riverview cemetery, Port Ewen.

Attention Members of Excelsior Hose Company, No. 4 and Ladies' Auxiliary

Officers and members of Excelsior Hose Company No. 4, and the Ladies' Auxiliary will meet tonight at 8 o'clock at the W. N. Conner Funeral Home, Inc., 296 Fair street to conduct services for their departed brother, Joseph H. Branigan.

Signed,

Local Death Record

Alfred F. Drucklied

Memorial services for Alfred Frederick Drucklied of Montclair, N. J., who died Thursday will be held Monday at 3 p. m. at Lasher Funeral Home, Woodstock. The Rev. Harvey L. Todd will officiate. He is survived by his mother, Mrs. Bertha Drucklied of Woodstock.

Benjamin H. Stanton

The funeral of Benjamin H. Stanton, 72, of Port Ewen, who died Thursday will be held Saturday at 2 p. m. from Brady Funeral Home, Coxsackie. Burial will be in Mt. Hope Cemetery, Athens where the Rev. Mark Oppen, pastor, of Port Ewen Methodist Church will officiate.

Mrs. Mary A. Davis

Mrs. Mary A. Davis of Stone Ridge, widow of Charles Davis, died Tuesday at Middletown after a long illness. Surviving is a son, Charles W. Davis of Stone Ridge. Three grandchildren, two great-grandchildren and several nieces and nephews also survive. Graveside services will be held Saturday at 3:30 p. m. at Fairview Cemetery, Stone Ridge.

Mrs. Mae Ennist

The funeral of Mrs. Mae Ennist of 41 Livingston street who died Monday as the result of burns sustained at her home, was held Wednesday from Jenson & Deegan Funeral Home, 15 Downs street, at 2 p. m. The Rev. Clyde H. Snell, PhD, pastor of Clinton Avenue Methodist Church, officiated. Burial was in Woodstock Cemetery where Dr. Snell conducted the burial service.

Jesse Enderly

Jesse Enderly, native of the town of Rochester, resident of 125 Market street, Poughkeepsie, died Thursday at Vassar Hospital, Poughkeepsie. Mr. Enderly was an engineer for about 16 years at DeLaval Separator Company, Poughkeepsie. He left his home in Ulster county about 25 years ago. Surviving are two daughters, Mrs. Gladys Andrews and Mrs. Charles Millard, both of Poughkeepsie; two sisters, Mrs. Ethel Hendrickson of Accord and Mrs. Marvin Krom of Kerhonkson; a brother, Preston of Accord; two grandchildren and several nieces and nephews. The funeral will be held from Mulvey Funeral Home, 211 Main street, Poughkeepsie Saturday at 2 p. m. Place of burial was not announced.

John Frederick Smith

Funeral services for John Frederick Smith of 381 Park Avenue, Leonia, N. J., who died suddenly while at work Tuesday, were held Thursday night.

1 PEARL STREET

Telephone 625

Emergency Oil

able to carry oil is not sufficient to permit maintaining oil consumption at normal levels everywhere in the world," the statement said.

Approved by Ike

Flemming said he acted after consultation with Secretary of State Dulles and acting Secretary of State Herbert Hoover Jr. "and with the approval of the President."

He asked Secretary Seaton to authorize the 15 U. S. companies represented on the emergency committee to "coordinate the efforts they have been making individually to assist in handling the oil supply program."

Government sanction was required for a coordinated effort by the companies if they were not to run afoul of the antitrust laws.

"The United States desires to cooperate as fully as possible in lessening the effects of the present situation in both producing and consuming countries," Fleming's announcement said.

But it added nevertheless "there will remain in all probability some shortages in certain consuming areas which cannot be overcome as long as the Suez Canal remains closed and the pipelines are unprepared."

Credit Undecided

The question of how the European countries would finance western hemisphere oil purchases was not immediately answered. It is a crucial one, since most European countries have limited dollar reserves.

The State Department earlier had announced plans for extension of credit by the export-import bank, but these—like the emergency oil production and hauling plan—were suspended while this government waited for Franco-British assurances that their troops would quit Egypt.

Big Step-Up Planned

The industry plans, begun as a preparedness measure shortly after Egyptian President Gamal Abdel Nasser nationalized the Suez Canal, contemplate a tremendous step-up in production from oil fields in Venezuela and the U. S. gulf coast area.

Production from these fields normally is restricted to far less than their capacity.

The program also contemplates supplying 300,000 or more barrels of oil daily from the gulf coast to Atlantic ports of this country, to replace petroleum normally received from the Middle East.

It has been estimated, however, that the cooperative emergency program can provide 20 to 25 per cent more oil to Europe than could be furnished by the companies working individually.

Ulster Town planning program will be \$4,750. The state will contribute an additional \$4,750, federal funds making up the remainder.

Air Range Will

"Honest John" rockets, which can carry an atomic warhead.

"I am sitting on top of a volcano. Tomorrow could be my Pearl Harbor. I have to watch it all the time," Brown said.

He expressed the belief that the presence of the 6th Fleet in the tense Mediterranean is a strong deterrent force for peace.

Brown also disclosed that after the threat of the Egyptian crisis to the western alliance, allied cooperation is beginning to work more smoothly again and there has been a renewal of NATO sea exercises.

"Everything is starting to move (within NATO) now," he said.

Brown said that the 6th Fleet gave the U. S. flexible power in the Mediterranean which could be used with control to the degree needed in a local situation.

"If I had to, I could set up a perimeter and send in armed (land) convoys to evacuate American civilians," he said.

The 6th Fleet is completely self-supporting and has no land base. Brown expressed the belief that in case of war "any base (in the Mediterranean) would be zeroed in" by the potential enemy—presumably the Soviet bloc.

When the Forrestal and Franklin D. Roosevelt arrive, the fleet's air arm will be able to strike 1,400 miles from its carrier bases. At present the maximum range is 1,000 miles.

The fleet has been reinforced since the Egyptian fighting by the carrier Antietam and six destroyers—a hunter-killer force specializing in submarine destruction.

U. S. Navy leaders have made clear that they believe submarines and mines constitute the greatest Russian naval threat.

"We've received requests locally which inferred the law has not been complied with because the fire department had not made an inspection," the chief said.

"Our department makes an annual inspection of school facilities in the city during National Fire Prevention Week as well as routine inspections throughout the year," Chief Brett added.

At the Nov. 20 meeting of the county volunteers it was reported "the fire chiefs of the communities are required by law to make an inspection of schools and submit a report on forms which may be secured from the school superintendent or the district-superintendent."

"The inspection is prescribed by law and the report must be in Albany by Dec. 1," the report said.

Salvation Army Kettles Are Out To Help Needy

The traditional Salvation Army kettle to collect for Christmas funds made their appearance on Kingston streets today and will remain during the yule season.

Announcement that they were out was made by Captain Foster J. Meitrott, who gave a schedule of the Army's activities "to make a better Christmas for everybody."

Happy Over Cooperation

He said that the Salvation Army, a member of the Kingston Area Community Chest, is happy over cooperation given in the past by generous folk of the area to help the project, and for volunteer aid this year.

Members of the Lions, Kiwanis and Rotary Clubs will tend the kettles again alternating on weekends.

A group of teenage boys have agreed to repair toys in the basement of the SA building on North Front street.

Women will dress dolls for a project sponsored by the three service clubs, and a display will be arranged in the window of the Chamber of Commerce from December 17 to 22.

What SA Does

Relative to the program of the Army during Christmas season, Captain Meitrott said workers would visit various hospitals and sanatoriums, and help provide gifts for men at Napanoch Institution for Mental Defective Delinquents.

Christmas baskets will be provided for 75 families.

There will be a Christmas party for children with refreshments and toys.

Friends Inspiration

"The cooperation we are receiving from friends of the Salvation Army is a great inspiration," Captain Meitrott said, and Mrs. Meitrott joined in the sentiment.

"We feel the help extended to the Army is a hearty endorsement of our program," he emphasized, "and we want all to feel that they have a vital part in helping to make Christmas a time of real joy for those who might otherwise be forgotten."

"We like to feel that the Salvation Army is looked upon as exemplifying the spirit of true brotherhood, and judging by the response from our friends we know they desire to encourage its good work."

OIL FOR THE NEEDS OF EUROPE

Europe's growing oil shortage as result of the Suez crisis can obviously be relieved only by shipments from the United States. The urgency of the situation suggests that our help ought not to be long in forthcoming.

In Britain gasoline rationing will be resumed Dec. 17. Motorists will be able to average only 200 miles a month. France is imposing fuel oil quotas. So are other European lands feeling the pinch.

The blocking of the Suez Canal and other Middle Eastern oil stoppages have cut off three-fourths of Europe's normal supply of oil. Since at best several months will be needed to clear the canal, the prospect is that rationing and other restrictive measures may continue through 1957.

What such a crimp in oil supplies can do to the general European economy is plain. Business in Europe has been booming, but there will be serious trouble ahead now if means are not found to ease the shortage.

That's where the United States comes in. Our present oil and gas stocks are at high level. We can spare some of this reserve to aid Europe without imposing rationing or other restrictions upon this country.

Plans have been drafted to this end but the government seems to have dragged its feet on the matter of execution. Some fear that administration officials, annoyed at the British-French lunge into Egypt, wish deliberately to penalize these nations by letting them suffer a while.

We must hope that other reasons explain the delay. It can hardly be an advantage to us to see Europe's economy go sliding sharply downhill. If the decline brought major depression, we ourselves would suffer doubly.

First off, Europe's drop would encourage the encroachments of communism, to forestall which we might very well have to devise a new "Marshall plan" to shore up these countries. The alternative might be to let Russia draw them into its orbit. There are forecasts of the worst winter there since 1947.

Secondly, even if Europe held itself free of depression and its companion political dangers, a substantial decline in activity spells smaller markets for American goods and thus a poorer business outlook at home.

Whatever we may think one way or another about the British-French course in world affairs, Europe is still our friend and the world's first bastion against the Soviet Union. Not to help with oil before it is too late would only be to defeat our own objectives of peace and rising well-being for ourselves and all the free world.

FARM BALANCE FORESEEN

At a time when the less hopeful aspects in our affairs seem to be getting most attention, it may be cheering to dwell a moment on the projected outlook for consumption of American farm produce.

Specialists addressing a meeting of the National Reclamation Association said America's population is growing at a speed which perhaps by 1962 may bring consumption of farm products in balance with our tremendous output.

Should that time arrive as forecast, then the great problem of surpluses, one of the thorniest now plaguing government and farmers alike, might be solved. And in its solution we might see an end to fantastic expenditures designed either to curb production or buy up surpluses.

For farmers themselves the prospect would be most heartening. They would be freed of many chafing restrictions on their activities. And they would be relieved of the burden of looking to the government for the assurance of decent living standards.

Since our farmers are among our proudest and most independent folk, surely this is a day that must beckon to them as a time of real fulfillment.

Colonel Nasser has developed a new and quite ingenious form of collective security: Collect from Uncle Sam and get security from Uncle Ivan.

These Days'

By GEORGE SOKOLSKY

PIQUE OR POLICY

It is impossible to say that economic sanctions have not been levied upon Great Britain and France in the sense that these two countries, on the approach of winter, are unable to obtain the fuel essential for a modern industrial state. These sanctions are also being levied upon other Western European nations which have not come within the displeasure of the President of the United States whose authority has sustained them throughout the period of the Cold War and whose authority can now reduce them to the economic and social level of those Asiatic and African nations who now seem to hold the balance of power in the United Nations.

Should these economic sanctions last long enough, it could result in unemployment of such dimensions in Western Europe as could force upon the people abject submission to Soviet Russia. This is the picture which may today seem extreme but which could within a month be a ghastly reality and rather than wait a month to be proved right, it is preferable to say it now with the hope that the prophecy may be proved wrong.

The question arises whether these economic sanctions are a matter of pique or policy. Sir Winston Churchill once said to me that he, Churchill, had to go along with Franklin D. Roosevelt in some matters because Great Britain was a dependent nation. How dependent the British are upon the United States is fully apparent now when the British have taken a step on their own to prevent, if possible, the absorption of the Arab world in the Soviet Universal State. This step was taken without prior consultation with the United States; whereupon the full force of American antagonism is implemented notwithstanding the now indisputable fact that Soviet Russia had made a puppet of Nasser, had established an enormous arsenal in Sinai and Syria, and was undermining existing governments in other Arab countries.

Despite this, the Hungarian atrocities were ordered played down in the United Nations so as not to outrage public opinion sufficiently to divert attention from Egypt. It is a situation not unlike that which helped to destroy the League of Nations and did eventually reduce Japan from the stabilizing power in Asia to a minor state. From about 1915 to 1931, Japan engaged in imperialistic acts in Manchuria, ending in the conquest of that part of China and the establishment of Manchukuo. The problem that Japan faced was to prevent Manchuria and Eastern Inner Mongolia from being absorbed by Soviet Russia. In the handling of this situation, particularly after the Bolshevik Revolution of 1917, Japan made some very serious mistakes.

But the main objective was not an error, namely that as China was unable to defend her boundaries, if Japan did not step in, Russia would, and that Russia would use this area as a spring board for revolution throughout Asia. Japan would have succeeded in stopping Russian conquest of Manchuria but for the intervention of the United States, which solo defeated Japan.

It was not, as I wrote in my book "The Tinder Box of Asia," in 1932, a question of Japan vs. China; it was a question of Japan vs. Soviet Russia, just as today, it is not a question of Great Britain vs. Egypt, but it is a question of Great Britain vs. Soviet Russia in the Middle East.

And again the United States has intervened on a doctrinaire principle which is a correct principle in its statement but dangerous in its implementation because somehow it always works out in favor of the imperialism of Soviet Russia. It is unfortunate that since 1917, so many efforts for world peace have been wrecked upon the shoals of totalitarianism, either the mystical form devised by Hitler or the pragmatic devised by Stalin.

The Western countries have been a match for Hitler because he employed profanities which they understood; the West is constantly being tricked and fooled by the Russians who employ a dialectic which is so alien to the Western mind that it rationalizes what it cannot understand and generally rationalizes in favor of the Russians while assuming that it is doing something against them.

It is because of this that Soviet Russia has been able to achieve a split of vast dimensions between the United States and Great Britain. Neither Kaiser Wilhelm nor Hitler nor anti-American Britshers nor anti-British Americans could achieve as much. (Copyright, 1956, King Features Syndicate, Inc.)

That Body of Yours

By JAMES W. BARTON, M.D.

LONG-RANGE EFFECTS OF RADIATION EXPOSURE

In a Special Article in the Journal of the American Medical Association, the length of life and the causes of death from exposure to radiation in physicians was reported upon. The average age at death for physicians not known to have had contact with radiation is 65.7 years; that for radiologists (X-ray specialists) is 60.5 years; and that for the specialists having some degree of exposure to it is 63.7 years. The average age at death for United States males over 25 years of age was 65.6 years in 1950.

There are certain disease processes that may be considered occupational hazards for radiologists and others in contact with sources of radiation. Among these are cancer of the skin, leukemia (a type of cancer of the blood) and anemia. Leukemia in 1950 killed 3.9 per 100,000 of the total population over 20 years of age but the death rate from leukemia for all physicians was 11.2, about three times that of the adult population.

Another point that emerged from the study was that not only do radiologists and other specialists exposed to some degree of radiation show a shorter life span but they died younger from practically every cause of death. Thus the non-radiologist dies from cancer (excluding leukemia, cancer of the skin and cancer of the lung) at an average age of 66.7, whereas the radiologists die of such cancers at age 59.5 years.

It is now agreed that although certain levels of exposure to radiation are alarmingly dangerous, there is no such thing as a safe level because all radiation from whatever source is possibly dangerous from the reproductive point of view. Because the disabilities and deaths due to radiation-caused changes are spread out thinly over many generations, the cost in human life and happiness is difficult to measure and the individual sufferers cannot trace their trouble to its exact source.

What can we do to guard against overexposure to radiation? The article suggests a system should be set up whereby every person will keep a record of his exposure to X-rays throughout his entire life. The use of X-rays to diagnose an illness or condition should be kept as low as soundly possible and greater efforts should be made to shield the sex glands, especially in patients under 30 years of age.

Also, the radioactivity of our natural surroundings should be kept under constant review. Special circumstances arise where greater exposure than the permissible level is required for one or another purpose, persons not likely to have any more children had best be assigned.

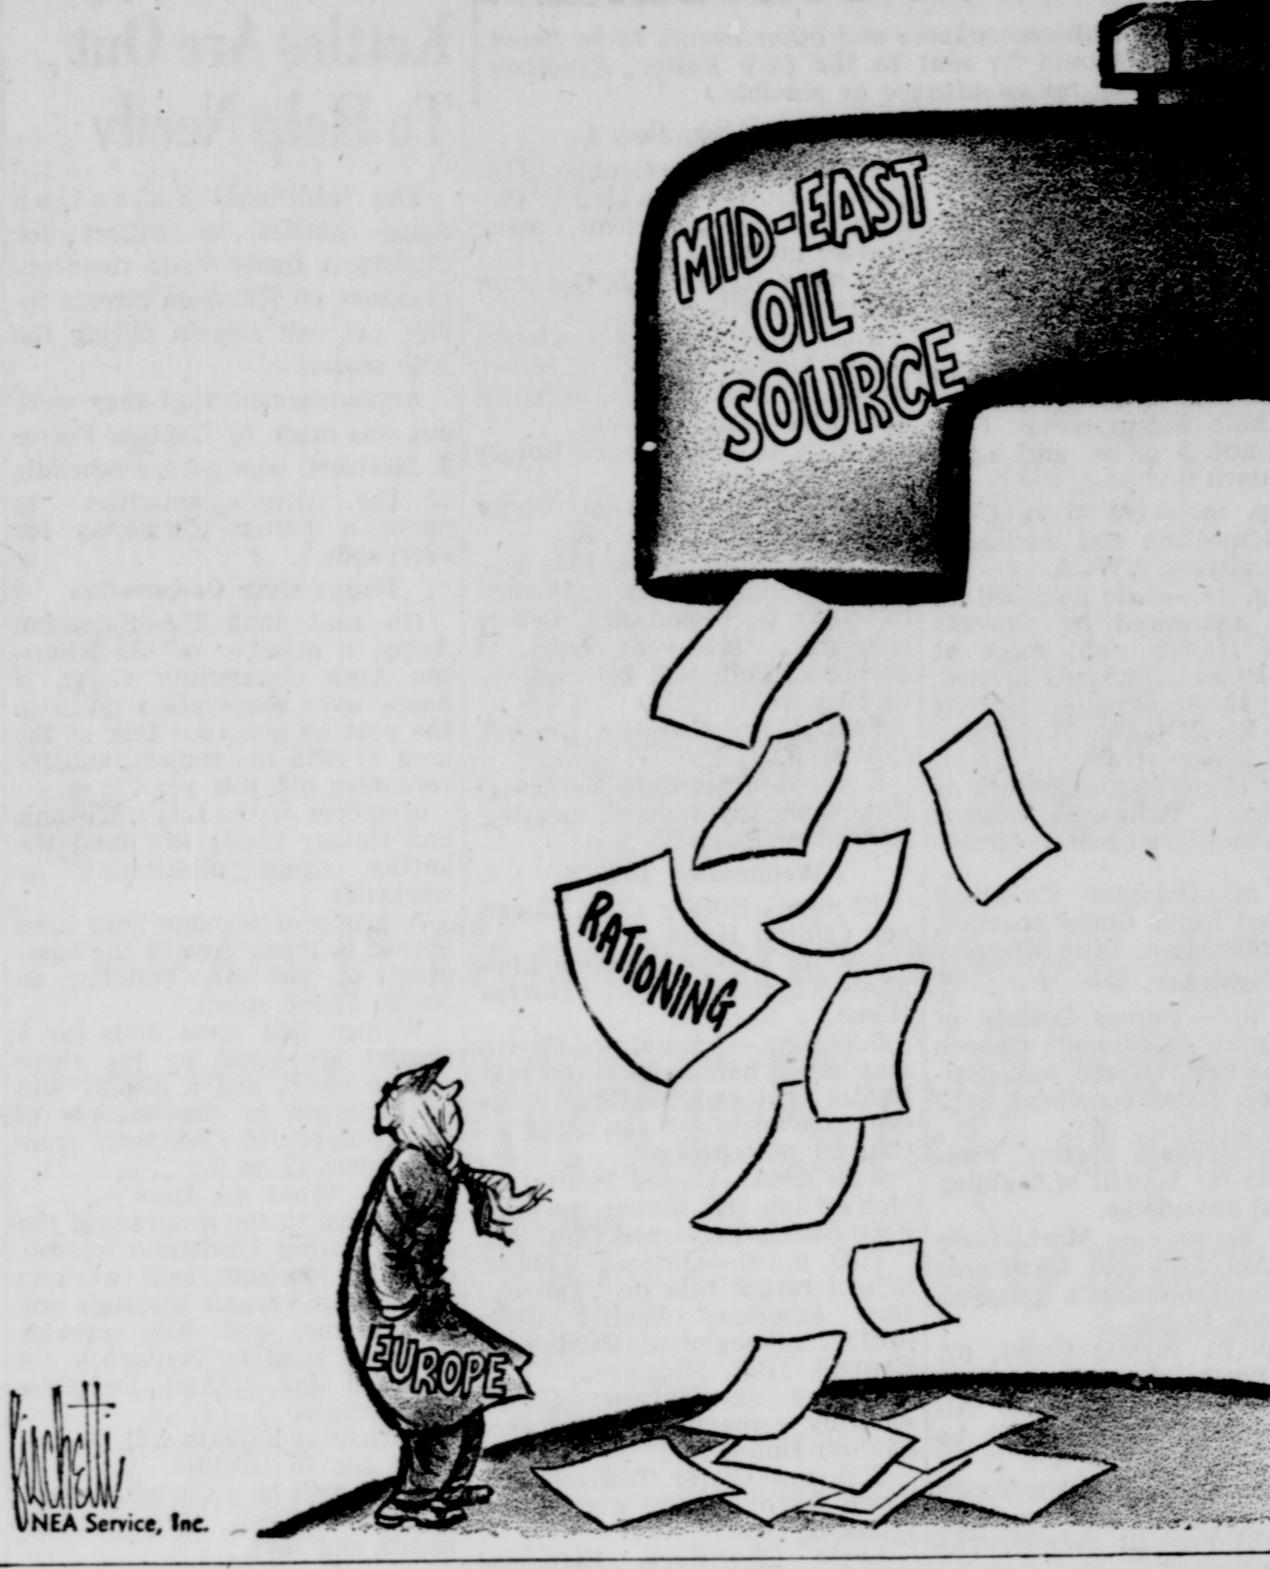

All risks attendant on the use of atomic energy must be weighed carefully against the expected benefits. In the solution of some of these problems a beginning has been made. There are, however, still potentially dangerous gaps in our knowledge and filling these gaps is a matter of utmost urgency.

Cancer: Its Symptoms and Treatment

(Released by The Bell Syndicate, Inc.)

Cold Peace

Washington News

By DOUGLAS LARSEN
NEA Staff Correspondent

Washington—(NEA)—There are still a lot of people who think Uncle Sam has no business spending millions of dollars trying to propagandize the rest of the world.

But there aren't as many as there were three years ago when Theodore Streibert, a successful radio executive, took over the U.S. Information Agency.

And now that he's leaving, to return to private industry and be replaced by new Republican brain man Arthur Larson, he's willing to reveal how Larson helped improve the agency.

"One of the first things we learned was what form of information was most acceptable to what countries and what parts of the world," he explains.

For example, he says, before he arrived Uncle Sam was sending books to people of Asia who couldn't read, movies to countries which made much better ones than the United States, and radio programs to people who had no radios.

Now, he says, we've learned to send posters and movies to Asia, books to people who want and can read them, radio programs to people with radios and direct wire news to countries with newspapers that can use it.

LOOKING BACK he cites some of the agency's triumphs while he was boss.

"Explaining to the world what the President really meant by his international atomic energy program was one of the most im-

portant achievements of the agency," he says.

"When the President first announced his atomic program nobody around the world understood it, and his enemies said it was just a lot of propaganda bait," Streibert recalls.

"But through our news services, exhibits and by other means we were able to prove to the world that this was a real legitimate offer of the United States to help the rest of the world benefit by America's great progress in the field of atomic energy."

Before Streibert arrived the U. S. foreign information program was the favorite whipping boy of Congress. Since then, congressional criticism has diminished considerably, even though the Democrats have been in control for the past two years.

AND GREATEST testimony of all to congressional sal support of his program was an increase in yearly appropriations from \$8 million dollars to \$13 million.

Streibert is willing to admit that President Eisenhower's active interest and support of a foreign propaganda operation has been no end of help, too.

"White House support is essential if the agency is to operate successfully," Streibert says.

Another project which pleased him was the color film made by U.S.I.A. of the visit of Indonesian President Sukarno last spring to the United States.

Before the visit, the agency was having a tough time getting the Indonesians interested in any of America's propaganda about the advantages of life in the

United States. "So we followed Sukarno all over the United States making color film of him sightseeing and talking to Americans," Streibert tells.

"As a result, when we rushed the completed film to Indonesia everybody there jammed the theaters to see it. In the process they were exposed to a story of America that we couldn't have gotten to them in years of trying by other means."

The same film is being seen by thousands of people all over Asia, too, Streibert reveals.

OBSERVERS AGREE that Streibert's chief contribution was making the agency an efficient piece of working machinery and recruiting some able people. That leaves new boss Larson with the job of feeding the machine a continuous supply of good ideas.

Streibert agrees with that. He thinks one of the big jobs ahead is to keep telling the people of the world the truth of the bloody tyranny with which Russia engulfed Hungary.

The Voice of America is under some fire for the Hungarian rebels being led to believe that America would support them with armed aid. But Streibert is confident that his agency can prove that it was not guilty of broadcasting false promises.

A movie documenting the Russian fighting in Hungary is now being sent to U. S. ambassadors all over the world for showing to the officials of foreign countries.

"That's one we've got to keep pounding at for years," Streibert insists. "It's the greatest evidence we've come up with to prove the real nature of communism to the rest of the world."

**JACOBY
ON BRIDGE****Good Player,
Bad Guesses**

By OSWALD JACOBY

Written for NEA Service
How can South go down at three no-trump? It would seem that his contract is ironclad, but one of the best players in Europe found a way to go down when the hand was played in the European team championships.

West opened the ten of hearts, and dummy won with the king. Declarer tried the diamond finesse, took the ace of diamonds, and then gave up a trick to the king of diamonds.

East returned the jack of spades, hoping that South had the queen and that his partner had the king. The lead of the jack is technically correct in this situation, and was not intended as a deceptive measure.

South decided not to play his king on the first round of the suit, and therefore let the jack of spades hold. East now continued with the three of spades, and South had to guess whether

It's easy to say that South should have guessed right when you're looking at all of the cards. In actual play it was not quite so easy. South decided to play low, and West won with the queen. A spade return now gave East the next two tricks, defeating the contract.

Esopus

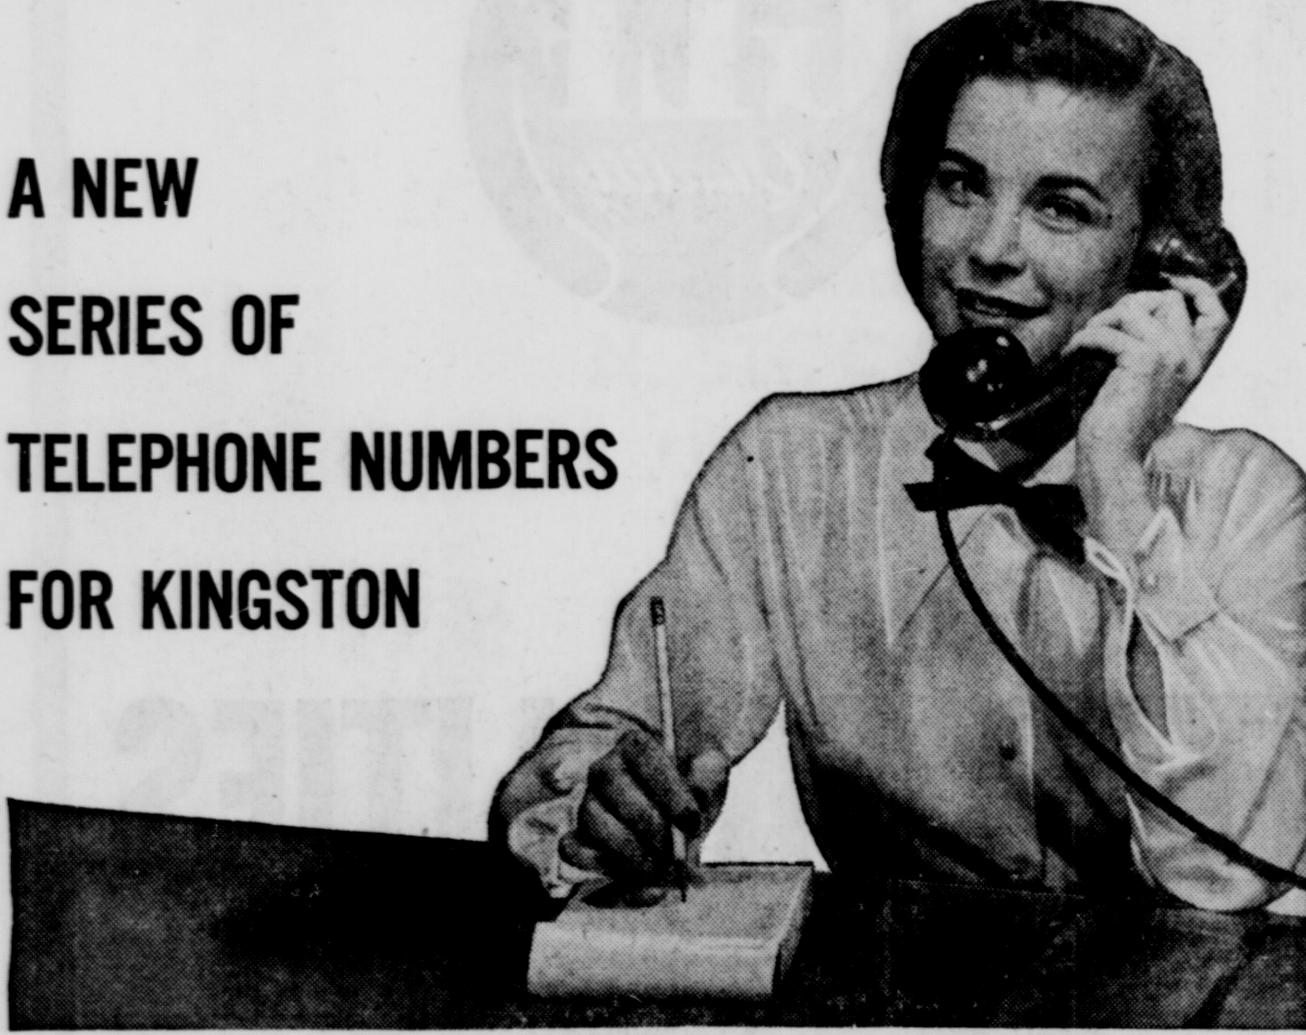

Esopus, Nov. 29.—The regular meeting of Boy Scout Troop 82 will be held Monday at 7 p. m. in the firehouse.

The annual children's Christmas party will be held in the firehouse Saturday, Dec. 15, at 7 p. m. The party is sponsored by the Ladies' Auxiliary of the Esopus Fire Department.

The Ladies' Auxiliary will hold its annual Christmas party Tuesday, Dec. 18, at 6:30 p. m.

The Rev. John Vicoli will conduct Sunday services at 10 a. m. in the Methodist Church in Esopus. Sunday school is 9:30 a. m. Sunday Masses at the Sacred Heart Church will be held at 8, 10 and 11 a. m. Novena to Our Lady of Perpetual Help Wednesday at 8 p. m. followed by benediction. Holy Mass is celebrated every Saturday at 8 a. m.

**A NEW
SERIES OF
TELEPHONE NUMBERS
FOR KINGSTON**

**"5 Digit" Telephone Numbers Introduced
To Keep Up With Growth of Kingston**

The phenomenal growth of Kingston has come close to exhausting the possible numbers in your telephone company's present series. To keep up with Kingston's expansion, we are now introducing a new series of telephone numbers. This is the "5 Digit" number series.

In the "5 Digit" series, a telephone number differs from the present four-digit one in having a "2" before the last four numbers. A typical "5 Digit" telephone number, therefore, is Kingston 2-1234.

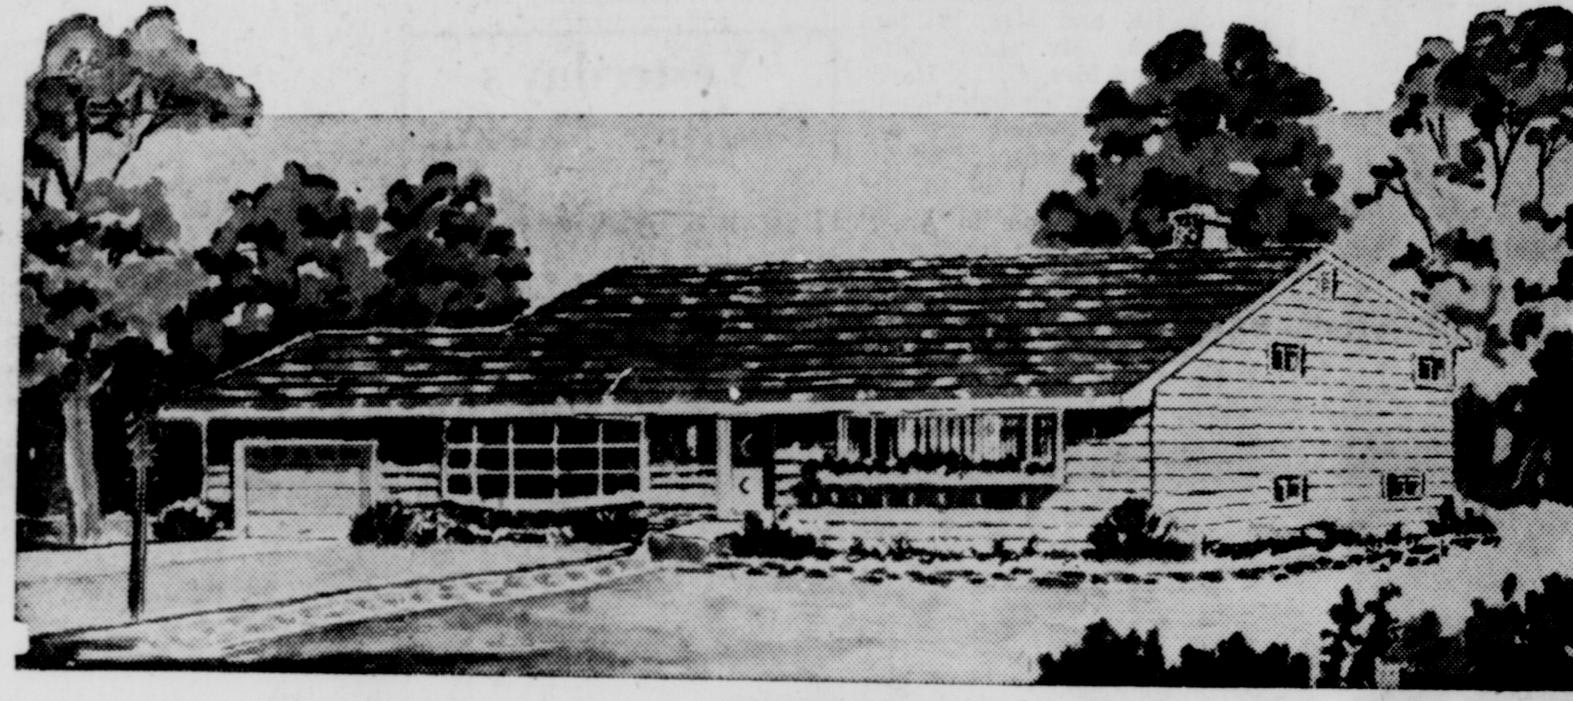

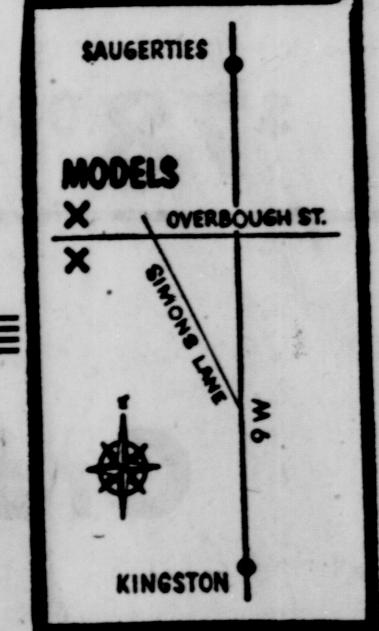

Remember "2" When You Call. If you neglect to include the digit "2" when you call, the operator will ring a wrong number.

Note New Numbers. Most Kingston customers will continue to have "4 Digit" phone numbers. But be sure to write down the numbers of friends and business associates assigned the new "5 Digit" numbers. We'd be very happy to supply you—free—with a handy personal numbers book. To get this handy book, call Kingston 9900.

Area Agent Named To U. S. Honor Insurance Group

William H. Kuehn of Mutual Insurors Agency, Inc., has been reelected to membership in the Live Members Club of Lumbermen's Mutual Casualty Company for one year, it was announced by James S. Kemper, chairman of the company.

Membership in this national honorary organization is reserved for those Lumbermen's representatives who best exemplify the principles of the American insurance agency system.

Mr. Kemper said that Mr. Kuehn whose office is at 308

Clinton avenue, has given continuing evidence of the finest type of business conduct and the highest standards of personal insurance counsel and service to policyholders.

"We are proud of this recognition as one of the leading representatives of Lumbermen's Mutual Casualty Company," Mr. Kuehn said. "We're pledged to continue providing policyholders the service, counsel and low insurance cost they have to come to expect of us."

Ancient Game

Cottabous was an ancient Greek game in which a recumbent diner threw wine dregs from his cup at a target in such a fashion as to make a slapping noise, according to the Encyclopedia Britannica.

Briefly Told

New York, Nov. 30 (AP)—Revere Copper & Brass Inc., has announced increases, effective today, in base prices averaging one per cent on some of its products.

The company said yesterday the boosts are about a half cent a pound for copper products, about three-quarters of a cent for zinc alloys and about a cent for bronze products. Free cutting brass rods were not increased. Revere attributed the hikes to recent adjustments in labor contracts and increased pension allowances.

Cortland, Nov. 30 (AP)—A 94-year-old former state assemblyman died yesterday in Cortland Memorial Hospital.

George H. Wiltzie represented Cortland county in the legislature from 1915 to 1938.

Waddington, Nov. 30 (AP)—Thomas W. Tiernan, 74, of nearby Chamberlain Corners, was killed yesterday when a barn he was tearing down collapsed on him.

Hercules Dividend Is 50 Cents a Share

Wilmington, Del., Nov. 30—The board of directors of Hercules Powder Company on Wednesday declared a year-end dividend of 50 cents a share on common stock, payable December 21 to stockholders of record at the close of business December 7.

The company has paid interim dividends of 20 cents a share in each of the three preceding quarters on common stock adjusted to a 3 for 1 stock split effected earlier in the year.

Declaration of the year-end dividend brings total dividends for the year on the common stock now outstanding to \$1.10 a share, the same as in 1955.

Ellenville Priest Is Transferred to Harlem

The Rev. Charles Blesch, pastor of St. Mary's and St. Andrew's Churches, Ellenville, will celebrate his final Mass in Ellenville Saturday at 9 a.m.

Father Blesch has been transferred to St. Thomas the Apostle Church in Harlem and will leave for his new charge immediately following tomorrow's Mass.

Father Blesch, who had served in Ellenville for about two years, formerly was pastor of St. Joseph's Church in Spring Valley and also was a missionary to the Bahamas.

First liberty pole in America was erected at Machias, Me., in 1755.

Texas Company's New Premium Gasoline

The Texas Company will introduce a new premium gasoline in the Kingston area tomorrow.

Paul B. Loy, zone manager, Newburgh, announced today that the new higher octane gasoline called "Texaco Sky Chief Supreme" will supplant the company's present premium grade gasoline in specific markets throughout the country.

"The new gasoline has been developed to meet the octane requirements of the most advanced high compression automobiles now being manufactured and, also, to deliver improved performance for all older models requiring a premium fuel," Mr. Loy said.

He emphasized, however, that a higher octane rating is not the only improvement in the new Texaco gasoline.

"The Texas Company," Mr. Loy asserted, "believes that higher octane alone in gasoline is not the complete answer to the fuel requirements of the new automobiles with high compression engines and vastly increased horsepower."

"For this reason, in our new Sky Chief Supreme, we have built in not only a higher anti-knock quality, but other characteristics that make possible the full utilization of the power of today's engines, giving a smoother performance from start to finish," he said.

Mother, 3 Children Are Victims of Fire

Fruitport, Mich., Nov. 30 (AP)—A young mother and her three children were killed today in a fire that swept through their home in this western Michigan community.

State police said the father, Patrick Reagan, 22, escaped the blaze with an 8-month-old son, Michael.

Troopers identified the dead as Mrs. Patricia Reagan, 22, and her children, Denise, 4; Donna, 3, and Patrick Jr., 1.

The three children were trapped in a bedroom. The mother's body was found in another bedroom.

The hurricane warning center hopes to develop Miller's findings to the point that forecasters can predict hurricane growth beginning next fall.

The Little Theatre movement started in Provincetown, Mass., during the summer of 1915.

Why We Say...

WHITE TABLE: We call a place where snapshots or autographs are kept an album. Actually the original albums were not books. The word goes back to ancient Rome where the names of public officers and rules were printed on a white-topped table. Album is derived from "albus" or white board.

Alleged TV Slander Is Going to Court

New York, Nov. 30 (AP)—A Supreme Court justice has ruled that a libel suit can be pressed as a result of an alleged slanderous remark made on television.

Normally a libel action is based on written material, while slander pertains to the spoken word.

The case of asserted libel on TV came up yesterday in an action filed by a restaurant owner, Toots Shor, against Sherman Billingsley, proprietor of a night club (Stork Club).

Shore is suing Billingsley for \$1,100,000 damages over a May 12 telecast in which Billingsley allegedly said of Shore:

"I wish I had as much money as he owes."

Billingsley's counsel argued that application of libel laws to broadcasting or television, in which no script is used, is a matter for the Legislature rather than the courts. The attorney asked dismissal of the suit.

Justice William C. Hecht Jr., said in a written opinion that he did not agree and that the suit would be sent to trial.

Red Radio Blamed For Promising Help

New York, Nov. 30 (AP)—Radio Free Europe says a Communist radio falsely identifying itself as RFE had deluded Hungarian rebels into expecting armed assistance from the west.

In a statement yesterday RFE referred to an assertion made in Brussels, Belgium, by Anna Kethly, exiled president of the Hungarian Social Democrat party. She said RFE had played an unhappy role in the Red-aborted Hungarian revolution.

The RFE said:

"It has become apparent that the Hungarian language broadcasts of several radio stations operating outside Hungary have been confused with Radio Free Europe transmissions to Hungary during the period of the Hungarian uprising . . ."

Tillson Play Is Planned Dec. 7-8

Tillson, Nov. 30—Final rehearsals for the play, "That's My Baby," which will be presented to the public on the stage of the Tillson School both Friday and Saturday evenings, Dec. 7 and 8, are now in progress.

This 3-act farce-comedy is full of punch lines, witty conversations, and a good many hearty laughs. It's a hilarious modern comedy, featuring in the cast all local people, members of the Parent-Teachers Association.

The play will start each night at 8:15 o'clock. Following the final curtain, refreshments will be available in the school kitchen. Tickets may be purchased either from P-TA members or at the door the night of the play. Proceeds will be for the benefit of the P-TA projects.

There are about 70,000 gas wells in the United States, according to the Encyclopedia Britannica.

The new Ford Fairlane 500

A new kind of Ford
with that Sculptured Look and Thunderbird "Go"

The new Ford Custom 300

From a proved-in-action "Inner Ford" stems a whole car that's built to stay young for years

The moment you see this new kind of Ford, you'll know you're seeing something completely different.

Ford's road-hugging '57 models are as much as four inches lower—up to nine inches longer. And there's a choice of two big car sizes: the big Custom and Custom 300 models—over 16 beautiful feet long, and the even bigger Fairlane and Fairlane 500 models—over 17 feet long.

The longer, lower lines that give you that "sculptured look," the power of its Thunderbird V-8...these are just the beginnings of the story of the '57 Ford. Underneath there's a built-to-last

"Inner Ford" with features that are a challenge to even the high-priced cars.

You ride on a new wide-base frame which flares out a foot wider. You'll find you sit lower down, with even more room and comfort. And entering is easier than ever with the new wide-swinging doors.

And as for handling! You'll find light-as-air steering, and cornering comfort like you've never had before. The '57 Ford "flattens out" the roughest roads...as well as the steepest hills.

There are new Silver Anniversary engines with a wide range of horsepower to suit every need.* Or you may choose the great new Mileage Maker Six.

Come in and Action Test the new kind of Ford now.

**Memorial Service
For 10 Elks Is
Scheduled Sunday**

Ten members, who died during the year, will be remembered by Kingston Lodge 550, Benevolent and Protective Order of Elks, at memorial services Sunday.

The program, starting at 8 p.m., will be held in the hall of the fraternal lodge, 264 Fair street, with a eulogy delivered by Attorney Daniel A. Becker of Newburgh, past vice president of the New York Elks Association.

The Kingston Mendelssohn Club will participate in the ceremony as it has for a number of years past on the first Sunday in December, the Elks day to commemorate the memory of departed brothers.

Deceased Members

Those from Kingston Lodge, who died during the year, are: George D. Boan, Matthew H. Herzog, Bernard J. McLaughlin, Frank R. Powell, Michael Gorman, Joseph H. Hill, John McKeon, Paul Freer, William H. Lake and Torbin Schmidt.

The memorial service is open to the public and all relatives and friends of the departed Elks are invited to attend, according to Robert M. Smith, past exalted ruler, who is chairman of the committee on arrangements.

Serving on Committees

Others on the committee are former Mayor William F. Edelmann, past state president of the New York State Elks Association; Joseph S. Disch, past district deputy; Wesley J. Cramer, Harry Beck, Dr. Harold Mandell and John J. Schwalbach, all past exalted rulers of Kingston Lodge.

Exalted Ruler Frank H. Simpson will conduct the opening session of the lodge, the Rev. Robert T. Shellenberger, pastor of St. John's Episcopal Church and chaplain of Kingston Lodge will offer the invocation and benediction.

All Officers to Participate

All of the lodge officers will participate in the ceremony.

Selections by the Mendelssohn Club will be "Thanks Be to Thee," Handel; "On Great Lone Hills," Sibelius, and "Prayer of Thanksgiving," Kremer.

Body of Looter Found

Chicago, Nov. 30 (AP)—A 27-year-old man, described by police as a looter of slot machines, was fatally shot and his body dumped into a gutter in suburban Stickney last night. Police identified the victim of the gangland style slaying as Alan (Duke) Holt of Chicago. Police Chief Edward Stromsky of Stickney said the back of Holt's head had been blown away by a blast from a shotgun. Chicago police said they had learned Holt and been piloting slot machines in the Chicago area for the last two years and estimated he and an accomplice had looted the machines of at least \$20,000.

**BABSON on BUSINESS****BABSON DISCUSSES
THE MIDDLE EAST AND
PROSPECTS FOR WAR**

Babson Park, Mass., Nov. 30—Israel will withdraw from the Middle East situation. She has been warned that if there is a real war, she will probably be wiped out. If there is real trouble, it will be between Egypt, supported by Russia, and England, supported by France. France has probably lost the Arab counties. So it would be Egypt, supplied by munitions and airplanes and so-called "volunteers" from Russia, against England, backed by France.

Mr. Eisenhower knows the situation probably better than anyone else; he has spent a year in North Africa with the Arabs. We must count on a possible two-or three-year struggle—which probably means inflation. The United States will supply arms at least to England and possibly to Egypt. We would do that because we want to be on friendly terms with the Egyptians and Arabs.

Mr. Eisenhower is very much disappointed in both England and France. Not only did they not ask his advice, but they went ahead very contrary to his wishes. Mr. Eisenhower has also been disappointed in the way the Western Powers have failed in connection with NATO. He would not object to having these Western Powers—including England—get a good scare. Mr. Eisenhower was elected on the platform of Peace, Prosperity, and Progress. He will now either refuse to take any action or else will dump the problem in the lap of the United Nations. He certainly wishes to avoid another Korea.

THE OIL INTERESTS have notified Washington that, on the basis solely of supply and demand, fuel oil and, indirectly, gasoline will move up $\frac{1}{2}$ cent a month until oil is again coming from the Middle East. The Mid-East has pipe lines and the most

important one has already been blown up. England and France have already gone on a rationed basis for oil.

I think that the present uncertainty will drag on until the next congressional elections. If it does, Eisenhower may think he can win Congress by just going to the people and telling them it is a choice between paying 10 cents a gallon more for oil or sending their boys to Europe, and that he will leave it to Congress. Therefore, he and his advisers feel the Republicans have a chance of getting control of both Houses in the next Congressional elections.

With Eisenhower favoring free enterprise, he would very much hesitate to interfere with the natural flow of oil in either the East or West, but would leave the price to supply and demand.

THE MIDDLE EAST oil fields

are the plum of the world until we get organized on nuclear energy. A month ago the land there was the most valuable land in the world. Russia claims that she is not interested in the oil—that the only thing she will insist upon is the following: If the Suez is internationalized, the Panama Canal and the Dardanelles must also be internationalized. Russia insists that the Dardanelles and Panama be put on the same basis as Suez.

Egypt pretends to represent the Arab world, but what is happening in Hungary should make the Arabs fear Russia and no longer trust her. The United States, therefore, stands a better chance of winning the Arab world. Eisenhower was over there for a year and he knows North Africa far better than does Eden or Mollet.

Under the above conditions, I now see no chance of a real slump next year (1957); but 1957 may be a leveling-off year. A big break may not occur, especially in view of all the pension funds and unemployment

legislation, minimum wage laws, and the Employment Act of 1946. I still have faith in the Law of Action and Reaction; but when I developed the Babsonchart, we had been on a Gold Standard for years. We had a natural ceiling and a natural floor. Hence, it was fairly easy then to make correct forecasts based on the Babsonchart areas.

Now we are on a Political Standard and not on a Gold Standard. An elastic band can be stretched, but sometime it will break. Hence, I have not lost faith in the Law of Action and Reaction. Those Babsonchart areas can be manipulated by political action for perhaps four or five years before we go below the X-Y line but ultimately we will have to pay the price.

**Federal Aid Milk
Program Is Started**
Albany, N. Y., Nov. 30 (AP)—The new milk-for-children program, backed by federal aid, got under way today in 50 non-profit, child-care institutions in the state, Gov. Harriman reported.

The governor said the state comptroller's office had received a check for \$136,080 from the U. S. Agriculture Department, to cover costs of the program for the last quarter of 1956.

The program is an extension of the special school-milk program that provided 20 million half pints of milk to children in 3,700 public and private schools during the past year.

The extended program pro-

vides for a maximum reimbursement of three cents a half pint to eligible nursery schools, child-care centers, settlement houses, summer camps and similar activities.

Harriman said he expected "many more" institutions to apply for the program than the 50 that have done so.

Dismounted Policeman

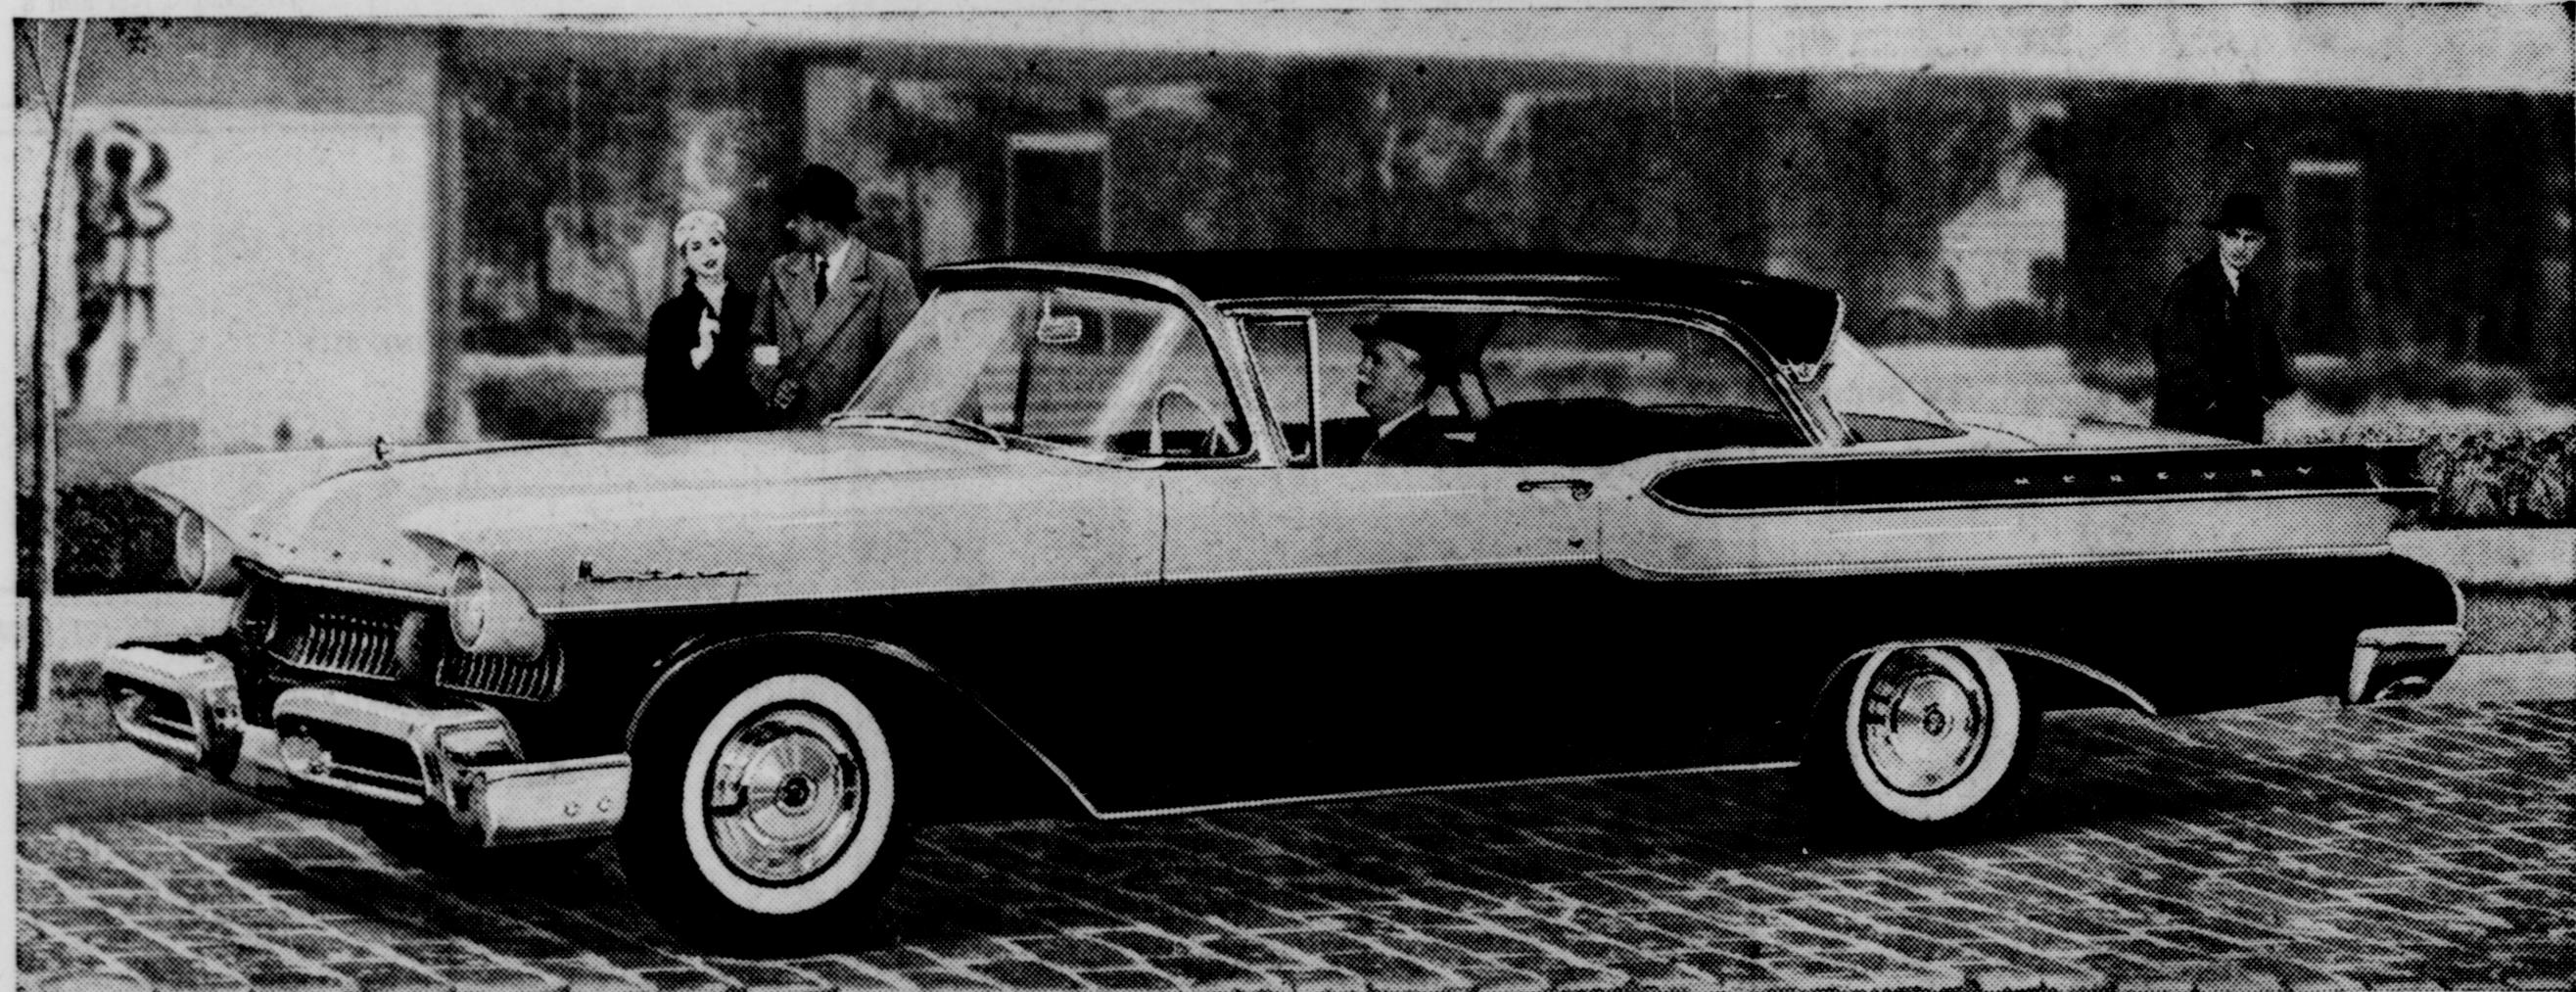

Richmond, Va. (AP)—Police were a bit put out when a runaway horse galloped through heavy downtown traffic—especially Mounted Patrolman W. P. Tyree. He raced on foot to retrieve his mount after a pedestrian finally caught the animal. Tyree said his horse bolted when he dismounted to make an arrest.

ANSWER THIS QUESTION!

Will you have to stand in line for your 1957 license plates this year? Well----you won't have to, if you see us NOW about your auto liability insurance. You MUST have it if you intend to put your car on the road next year. Our office, which is familiar with all aspects of the new law, will be open for your convenience Thursday and Friday nights, 7 to 9 P. M. So don't wait—See us NOW!

Miss Madeline Stephano Wears Imported Lace Gown for Wedding on November 25

MRS. HOMER H. LUSSIER
(Pennington Studio)

On Sunday, Nov. 25, at 2 p. m. in St. Joseph's Church, Miss Madeline Stephano, daughter of Mr. and Mrs. Joseph Stephano of 31 Crown street, became the bride of Homer H. Lussier, son of Mr. and Mrs. Sylvia Lussier of Sleepy Hollow.

The Rev. James V. Keating officiated at the double ring ceremony.

Mrs. Frank Rafferty was at the organ and Mrs. Peter Manesco sang "Ave Maria" and "Mother Beloved."

White chrysanthemums and pompons decorated the church for the occasion.

The bride was given in marriage by her brother-in-law, Harold Curnin.

She wore a gown of imported Chantilly lace over satin featuring a long torso "V" shaped bodice, sweetheart neckline, trimmed with sequin studded lace medallions, an overskirt of lace panels in front and back of the gown, and a very bouffant skirt.

Her sleeves of lace tapered at the wrists and her veil of French illusion was hand rolled and fell from a cap of appliqued lace medallions matching the gown.

The bride carried a lace covered prayer book with white roses.

Miss Gail Conlin of 40 Staples street was the maid of honor.

She wore an aqua floor length pure silk crisscross gown which featured a boat neckline and a

long torso waistline. The gown also had a very bouffant skirt. Her orange blossom headpiece matched her gown and it had a flirration veil. Miss Conlin carried a basket of fall flowers.

Miss Patricia Lee Stanley, niece of the bride, was the junior bridesmaid. She was attired in a coral crisscross waltz length gown with matching bolero jacket and an orange blossom headpiece and veil to match her gown. She carried a basket of fall flowers.

Miss Yvette La Bounty, niece of the bridegroom, was the flower girl in a yellow crisscross gown with matching headpiece. She carried a basket of chrysanthemums in fall colors.

Harold Curnin, who gave the bride in marriage, also served as best man.

Following the church wedding, a reception was held at Tommie's, 11 High street.

Mrs. Lussier attended Kingson High School and is employed by the Crown Blouse Company.

Her husband attended school in Vermont and served with the army. He is now in business with the bride's father.

For her wedding trip to Florida, the bride chose a black and white ensemble with white accessories and a corsage of white roses.

When Mr. and Mrs. Lussier return from their trip, they will make their future home at 734 Broadway.

Special Youth Supper Set for Sunday At Old Dutch Church

The Junior and Senior Christian Endeavors of the Old Dutch Church will hold a joint supper meeting Sunday at 6 p. m. in Bethany Hall.

Following the supper, a program will be presented by a delegation from the Nyack Missionary College. This program will include vocal selections by Lowell Bowman and Mary Lu McElwain, accompanied by Nancy Rhodes. There will also be special selections on the trumpet by John Fogal.

The speaker of the evening will be Paul Bersche.

Talmud Torah Sets Date for Party

The story of Chanukah will highlight a party to be given by the Talmud Torah of Kingston, Inc.

The school will hold its first annual Chanukah party Sunday, Dec. 2, at 2 p. m. in the Elks Lodge, 264 Fair street.

The children of the Talmud Torah and Sunday school will depict the holiday with songs and stories under the supervision of Rabbi H. Z. Rappaport and Rabbi Jacob Rubenstein, with the assistance of the Sunday school staff members.

Refreshments will be served.

Parents and friends are invited to attend.

Couple Celebrate Golden Anniversary

Mr. and Mrs. Amasa J. Slau-son celebrated their 25th wed-ding anniversary recently with an open house party.

The party was given in their honor by their children, Mrs. Howard Greene, Mrs. Elvin Benson, Mrs. Edwin Kittle and Howard Slau-son, at the home of Mrs. Kittle, 39 Josephine avenue.

Relatives and friends visited the couple during the day.

Refreshments included a large decorated wedding cake.

Club Notices

Couples Club

Couples Club of Temple Emanuel will hold a game night Sunday, Dec. 9, at 8 p. m. in the vestry hall of the Temple. Public is invited. Refreshments will be served.

Ladies' Aid Society

Ladies' Aid Society of the Stone Ridge Reformed Church will sponsor a food and Christmas card sale, Saturday at Elmendorf's Gas Station, Stone Ridge at 10:30 a. m.

Christian Mothers

St. Peter's Christian Mothers will hold a card party at the school on Adams street, Tues-day at 8 p. m. Public is invited.

**Four Inaugural
Balls Set for
GOP Celebration**

Washington, Nov. 30 (AP)—A million dollar celebration is being planned for the second inauguration of President Eisenhower.

A weekend of festivities will be climaxed with four separate but "co-equal" inaugural balls on the evening of Jan. 21 to take care of the anticipated crowds, the committee planning the program decided yesterday.

"There will be no second-rate balls," Chairman Robert V. Fleming announced, adding that all four will be visited by the President and Mrs. Eisenhower and Vice President and Mrs. Nixon. Two were held in 1953, but the committee decided more were needed this time. They will be held at the National Guard armory and the Sheraton Park, Statler and Mayflower hotels.

Fleming estimated the committee will raise and spend between \$800,000 and a million dollars, exclusive of the cost of the inaugural stands and incidentals at the Capitol for the public oath-taking ceremony and Eisenhower's inaugural address. A congressional appropriation will pay for that.

**Chinese Premier
Pays Gandhi Homage**

New Delhi, Nov. 30 (AP)—Communist Chinese Premier Chou En-lai paid homage to the memory of Mohandas K. Gandhi today and then held the most intensive political talks of his visit with Gandhi's heir, Prime Minister Nehru.

An official Indian spokesman said Chou and Nehru met for more than three hours this morning—longer than all their previous private chats since Chou arrived two days ago on a 12-day goodwill tour.

The spokesman said he could not say what was discussed but he added "you can guess."

The guessing was that they ranged over the world scene—including Korea, Formosa, Egypt, Hungary and the United Nations. The speculation also was that the Nehru-Chou discussions might have some link with the talks Nehru will hold with President Eisenhower in Washington.

PLAN FORMAL DANCE — Members of Court Santa Maria will sponsor a formal dance Saturday, Dec. 8, at the Governor Hotel. Shown completing plans are standing (l-r) Mrs. Bertram Alexander, Mrs. Arthur Ballard. Seated

(l-r) Mrs. Michael Mattia, Mrs. Roland Augustine, Mrs. John Olivet, Mrs. Alan Baker and Mrs. Henry Bruck. Music for the dance will be provided by Wendell Scherer and his orchestra. (Freeman photo)

Equalization

the rates as established by the State Department of Equalization and Assessment.

"This was done so that your board of supervisors could hope to be as fair as possible to all the taxpayers of Ulster county," Snyder said.

Discuss City Reassessment

"On considering the equalization rates for this year we found we had some new rates from the Department of Equalization and Assessment but not a complete list for all towns in Ulster county. As a result of which it was not possible to use the rates as established by the Equalization Department at Albany.

However, due to the fact that the City of Kingston had spent over \$30,000 for the purpose of reassessing the properties in the City of Kingston and had raised the city assessment by approximately \$7,000,000, your committee could not fail to recognize that the Kingston rate had to be proportionately adjusted or the Kingston city taxpayers would be very heavily penalized in their tax levies. The balance of the county would benefit in direct proportion. This would be very unfair and it is the strong desire of your committee to treat all our citizens as fairly as possible," Snyder said.

Rates Called Fair

"As a result we have used equalization rates as suggested by the state for Kingston and have reverted to last year's rates for the rest of the county. I am sure this will be appreciated by all the taxpayers of Ulster county and it is the candid opinion of your committee that the rates as presented by this table are as fair as it is possible to make them and it is sincerely hoped your honorable body will adopt same," and he moved for adoption.

The rates are:

Denning 18, Esopus 22, Gardiner 15, Hardenberg 36, Hurley 42, Kingston Town 19, Kingston City 42, Lloyd 26, Marlboro 30, Marlborough 23, New Paltz 18, Olive 16, Plattekill 11, Rochester 18, Rosendale 12, Saugerties 19, Shandaken 36, Shawangunk 27, Ulster 21, Wawarsing 20, Woodstock 15.

Gaffney Disagrees

Supervisor Gaffney (D) minority leader, said he did not believe there had been any "malice" in making up the table but suggested that the cost of the Kingston city survey should not be considered in the matter. Since the Kingston tentative rate suggested by the state had been used he said other tentative rates should have been used for the rest of the county. He said either all of the tentative rates or none should have been used.

Snyder said tentative rates had not been received from the state for all towns and the committee had waited as long as possible to receive them but had to act due to the lateness of the season and need to get started on the tax levies.

Says Table Late

It was at this point Supervisor Coughlin brought up the matter of time to consider committee recommendations. He said he had "passed" on the vote for adoption of the equalization table because he had not had opportunity to study the table. He said he had not known the equalization table was coming "up for adoption until 8:30 tonight." He said every supervisor should have an opportunity to know what was coming up and have time to study the matters. This applied in particular to committee members. He moved committee members of all committees be notified 48 hours in advance of committee meetings and that 24 hours elapse between such committee

meetings and board meetings so matters could be given some study.

Supervisor Bush (R) Ulster, said "things come up fast" in town business and also in county business and there was frequently no time to delay.

Supervisor Turch (D), fourth ward, said committee members should be notified of committee meetings sufficiently in advance to be able to make arrangements to attend. This often required more than a few hours notice if a man happened not to be home when the message was delivered.

Asks City Action

A report of the Mental Health Committee, Peter Williams, chairman, recommending that a Mental Health Board be named but that the chairman of the board of supervisors first address a communication to the Kingston Common Council requesting that body to indicate whether or not the city will come into the plan, was approved. Other members of the committee are Harry Snyder, Fred H. DuBois, Benjamin Storms and Christopher J. Perry Jr.

Supervisor Marshall (D) Rochester, who at a recent meeting suggested an appropriation be made for painting white lines on town and county highways at danger points, said the cost had been estimated at \$58,500 by the county superintendent of highways.

In 1956 he said the county had paid one claim of \$20,000 for an accident and there was pending under appeal another \$37,000 action. This totaled almost as much as the estimated cost of the program and he said he felt sure the proper markings would save many accidents.

Before the town and county roads could be marked however, he said local ordinances would have to be passed by town boards. He suggested the county attorney prepare model ordinances which could be presented to town boards.

Supervisor Jesse McHugh, (R) said the county could secure insurance covering damage claims for about \$3,400 a year.

Prior to adjournment until Tuesday evening Supervisor Gaffney suggested an agenda of important matters be prepared and sent out when the notice of the meeting was sent supervisors. It was also suggested that duplicate copies of resolutions be made and the clerk and deputy clerk meet in caucus with both party members simultaneously instead of the majority caucus being held first and then the minority members caucus on agenda matters.

A communication was received from the New Paltz Public Health Nursing Association endorsing appointment of a Mental Health Board.

The Ulster County Volunteer Firemen's Association also sent a letter thanking the board for its action on two-way radio and other matters pertaining to the volunteer firemen.

Hospitalization chargebacks amounting to \$59,140.49 as reported by the committee on County Commissioner of Public Welfare were approved and the towns and city will be charged in the amount which was expended.

Says Table Late

It was at this point Supervisor Coughlin brought up the matter of time to consider committee recommendations. He said he had "passed" on the vote for adoption of the equalization table because he had not had opportunity to study the table. He said he had not known the equalization table was coming "up for adoption until 8:30 tonight." He said every supervisor should have an opportunity to know what was coming up and have time to study the matters. This applied in particular to committee members. He moved committee members of all committees be notified 48 hours in advance of committee meetings and that 24 hours elapse between such committee

Nurses' Alumni

president, said following the meeting at the hospital that the organization will undertake special projects to aid in raising the money.

A committee will be set up for this purpose, she said, and will begin making plans in the near future.

Action by the association was taken after hearing a presentation of the need for the new school and residence.

According to present plans, the \$400,000 to be raised throughout Ulster county will go toward constructing the three-story building estimated to cost \$1,000,000.

The balance of the funds needed for the project will come from monies on hand, a gift from the Ford Foundation and through a mortgage.

Demands on the school have grown to such proportions that the hospital has been forced to purchase four houses in the vicinity to accommodate students. The existing nurses' home was built for 18 students. The student body now numbers 72.

One-hundred student nurses will live in the proposed building. It will also contain classrooms, laboratories and other vitally needed facilities.

Michigan established the first state agricultural college in the United States in 1857.

NURSES' ALUMNI PLEDGES \$18,000—
Sister M. Henrietta, treasurer, prepares to sign a pledge for \$18,000 by the Benedictine Hospital Nurses' Alumni Association toward the hospital's capital funds campaign. Observing the proceedings are President Joan Tierney (left) and Miss

Kathleen Joyce, secretary (right). Standing are Miss Mary Keimer, chairman of the group's solicitation committee, and Sister M. Callista, superintendent of nurses. (Photo Workshop photo)

School . . .

resident pupils and to the opening of new parochial schools, Dr. Allen reported.

Of the 110 villages with superintendents of schools, 98 reported increased enrollments aggregating 26,551 pupils, 11 reported decreased enrollments aggregating 824 pupils and one no change. This resulted in a net gain of 25,727 pupils in these villages.

Enrollment has increased six per cent over the previous year for the state, excluding New York city.

The survey reports enrollment at the beginning of the school year. Year-end enrollments will be larger because schools continue to enroll pupils during the school year.

Investigate Accident

Deputy Sheriff Peter Peterson investigated an accident at 5:05 p. m. Thursday at the junction of Route 213 and the Mountain Road, Eddyville, where a New York Telephone Company truck, operated by Robert D. Beisel, 20, R. 1, Box 345, Kingston, and a car of Paul Henry Pekin, 37, Box 44, Eddyville, had collided.

The truck, according to the report, was entering Route 213 from the Mountain Road, going north. Pekin was traveling south on 213. There was no personal injury but both cars were considerably damaged about the left side.

League Denies Any Backing for DFA Milk Holdup

Albany, Nov. 30 (P)—The president of the Dairymen's League Cooperative Assn. has denied reports the league would back what he terms "strike action" by the Dairy Farmers of America (DFA).

Stanley H. Benham issued a statement last night while a group of dairymen voted at Lawyersville to withhold milk from the market to force a price increase.

Any action, however, depends upon how many other dairy farmers vote to withhold their milk.

Will Receive Milk

"No matter what action is taken by these splinter groups, Dairymen's League plants will remain open to receive milk from all league members who wish to deliver," Benham said.

In the fourth of six sessions scheduled by the DFA in an effort to gain a 93-cent boost, Schoharie county area farmers voted 93-12 at Lawyersville to withhold milk. At all of the meetings, farmers have voted similarly.

Contest Held Before

A similar contest was conducted two years ago for places of business to encourage yule decorating in the absence of street lighting that year. The trophy at that time was won by Joseph Leal of Saugerties Cleaners.

This year the contest will be for residences only. In order to be eligible an entry blank which will be available in the township must be filed by mail with the Chamber of Commerce no later than Monday, Dec. 17. Judging will be undertaken Thursday, Dec. 20, after 6 p. m.

The three winners designated will retain permanent possession of the trophies.

The contest committee headed by Ben Fein includes Joseph Bosco, Willett Overbaugh and President Thomas W. Reynolds Jr.

Menzies Calls On Big 3 to Declare Unity

Melbourne, Australia, Nov. 30 (P)—Prime Minister Robert Menzies called today for Britain, France and the United States to declare their unity and their readiness to stand firm against Communist aggression.

Menzies in a statement to reporters said he was "sorely troubled by the breach which has occurred in Anglo-American relations" of the British-French invasion of Egypt.

He urged leaders of the three western powers to issue a common statement that "their cohesion will remain and that under any and all circumstances they will work together—and if necessary—fight together to resist Communist aggression."

Menzies made clear that he supports the British-French decision to send troops into Egypt. The United States has firmly backed resolutions in the United Nations opposing that military intervention, and widespread fears have been raised about the future of the western alliance.

The prime minister declared this is not a time to be standing on the "fine points of protocol."

Say Rate Too High

Kansas City, Nov. 30 (P)—Grain dealers, millers, and the boards of trade in Minneapolis, Duluth, Chicago and Kansas City, together with the New York Produce Exchange, spoke out yesterday against an emergency 7 per cent freight rate increase sought by railroads. Walter Scott, executive vice-president of the Kansas City Board of Trade was their main spokesman at an Interstate Commerce Commission hearing. He warned higher freight rates on grains will divert them to trucks and barges. "We feel rates have reached the point of being decidedly unreasonable," he said.

Washington entered the Union on Nov. 11, 1889, as the 42nd state.

69 Refugees Arrive

Camp Kilmer, N. J., Nov. 30 (P)—Plane No. 10 of the Hungarian refugee shuttle service brought another 69 refugees from communism to the United States today. A Trans-American DC-4 landed the group at 8 a. m. (EST). Army buses brought the refugees to their resettlement center. A second plane is due at McGuire with 70 aboard at 1 p. m. and a third about 7 p. m. with 73.

Saugerties C of C Yule Decorating Contest Begins

Arrangements for a home Christmas decorating contest were announced by Saugerties Area Chamber of Commerce with three trophies available for the best outdoor displays.

Judging by three officials to be announced will be based on ingenuity and good taste with expensive and elaborate displays given the same consideration as less expensive and simple decorations. Indoor decorations will be judged if visible from the outside front of the home.

Contest Held Before

The next poll meeting is scheduled for Dec. 3 at Fultonville.

The DFA, whose leaders are steering away from the word strike in their meetings, claims 2,000 members in New York, Massachusetts and Vermont. Its New York membership is in 17 eastern counties. There are about 50,000 producers in the New York milkshed.

Prices Quoted

A price boost of 93 cents a hundredweight (46.5 quarts) would bring producers about \$6.10 a hundredweight for milk sold in the New York metropolitan area. The price would be slightly higher for unregulated areas upstream.

William Waldorf of Copake, DFA president, said the 93 cents had been based on the price of fluid milk in the New England area.

The farmers would start withholding milk "when it is apparent to the officers that there are enough producers in agreement," Waldorf said.

He added that there would be "enough in agreement" when the whole marketing area had been polled in meetings by producer organizations.

County Building Plans Will Be Discussed Soon

A meeting of the Board of Supervisors committee on "County Building" is to be held in the near future to discuss with an architect proposed plans and also the matter of site.

Supervisor Jesse McHugh, chairman of the special committee, named to investigate site, costs and plans, said several meetings had been held.

Representatives of the Downtown Kingston Business Men, Central Business Men and Uptown Business Men's Association had suggested sites to be considered. Several suggestions have been made as to location, McHugh said, and he notified the committee members he would call a meeting of the committee "within the next week" to further discuss the matter.

Members of the committee are McHugh, chairman, Charles Reiley, Robert Phinney, Peter Williams, Benjamin Storms and James F. Fiore.

Arbor Day first was observed in Nebraska on April 10, 1872, when more than a million trees were planted.

Airmen Escape Injury

Skaneateles, N. Y., Nov. 30 (AP)—Two U. S. airmen escaped injury when their H-19 helicopter crashed last night near Five-mile Point at Skaneateles Lake.

Lt. Donn G. Marcusen and Staff Sgt. Basil I. Gray, both of Sault Ste. Marie, Mich., were en route from Bridgeport, Conn., to Kinross Air Force Base in Michigan when they were forced to land for refueling. Shortly after the take off, the helicopter crashed. One of the rotor blades was broken in the crash and a new supply of fuel was spilled over the ground. The air force stationed guards at the scene.

Births

Births recorded here recently included the eighth set of twins born locally, to date, this year.

They are William Leroy and Frederick Peters born to Mr. and Mrs. William Sanford Lyke, of Stone Ridge, Nov. 22 at Kingston Hospital.

Other births recorded recently:

Nov. 20—William Robert to Mr. and Mrs. John Joseph DeAngelo, Route 2, Box 801, New Paltz.

Nov. 21—Rhoda Marie to Mr. and Mrs. Thaddeus Paul Schatzel, 44 Wood street.

Nov. 22—Stephen Anthony to Mr. and Mrs. Edward Paul Cherny, Route 4, Box 367, Kingston.

Nov. 23—Jeffrey Elwood to Mr. and Mrs. Elwood Leonard Robinson, 9 Washington avenue.

Nov. 24—Angela Marie to Mr. and Mrs. Michael Ross Petromale, Flatbush road, Box 97, Glasco; Michael to Mr. and Mrs. Francis Canavan, 11 Overlook Circle, Mt. Marion; Ernest Jeffrey to Mr. and Mrs. Russell Johnson Bassett, Box 206 Albany avenue extension; Edith Marie to Mr. and Mrs. Clarence Tyler, Box 92 Cementon; Sharon Lee to Mr. and Mrs. John Donald Winters, DuBois street, New Paltz, and Rose Elaine to Mr. and Mrs. James Augustus Southworth, Highland.

Nov. 25—Richard M. to Mr. and Mrs. Lester Pleiter, Route 1, Box 124, Saugerties.

Nov. 26—Darlene Gail to Mr. and Mrs. James Harold Peterson, 87 Third avenue, and Thomas Joseph, Jr., to Mr. and Mrs. T. J. Porto, Glasco.

France derives its name from the Franks, a Germanic tribe which set up a kingdom in the fifth century.

Treat Trees, Save Lives

By NEA Service

New York — (NEA) — Every year 2,000 children die as a result of fire. Thousands more suffer painful burns or are maimed for life.

One day last year, for instance, fire claimed 10 victims. It was Christmas Eve.

The Christmas tree, for one thing, is a potential fire hazard and caution should be taken in its selection, placement in the home, and maintenance.

You can play it safe by choosing a small one. There will be \$30 million on the market.

The National Board of Fire Underwriters says to keep it outdoors until a few days before setting up. During that time occasionally throw water over it. This will keep it moist, fresh.

When you bring the tree in-

side, cut the butt slantwise to open the pores, then stand it in a tub of water. Be wary of chemicals or other substances sold for "fireproofing" trees. In some cases this process is ineffective.

In placing the tree, it's best to avoid "hot spots" such as those near the fireplace, stove, radiator, or electric bulbs.

Never use untreated paper ornaments or untreated cotton batting or gauze for decoration. Cotton and gauze can be made flame-resistant by dipping in a gallon of water mixed with nine ounces of borax and four ounces of boric acid.

The switch for turning on the tree lights should be placed some distance from the tree. Never use an outlet or plug under the tree or run electric trains around the base.

Here are some other suggestions:

If decorations are used about the house, do not permit them to be around or near to chairs and other places where people may smoke. It is preferable to have them up near the ceiling, well above the head of anyone standing up.

Keep plenty of ash trays about the house during the holiday season, as always.

If lights are desired in windows, never use candles. Keep curtains and other flammable material pulled back at least six inches from any electric light.

Hearst Estate Increases

Los Angeles, Nov. 30 (AP) — The estate of the late publisher William Randolph Hearst has increased by nearly three million dollars while going through Probate Court proceedings. Executors of the estate fixed it at \$59,505,638 in a final accounting filed yesterday along with a petition to distribute it in accordance with Hearst's will. At the time of the publisher's death on Aug. 14, 1951, the estate was valued at \$56,705,045. The executors said income accumulated during the probate proceedings explained the increase. Most of the estate, \$43,732,407, was left to the William Randolph Hearst Foundation for charitable purposes.

Floods Hit Sumatra

Jakarta, Indonesia, Nov. 30 (AP) — Heavy floods hit the Medan area of northeastern Sumatra yesterday, deluging hundreds of villages. Six persons were reported missing but authorities feared the toll would run much higher. Medan is a city of more than 76,000 and is the capital and major port of north Sumatra. The Indonesian Red Cross moved 200,000 refugees from the stricken area. Hundreds of livestock were reported drowned and crops were ruined. It was the worst flood in the district since 1933.

Murdered Man Is Left \$5 Million

Detroit, Nov. 30 (AP) — A will filed in probate court yesterday left half of a five million dollar estate to a man who was murdered a year ago.

Frederick B. Gray, 90, of suburban Grosse Ile, who died Wednesday, left the inheritance to his nephew, Alfred Williams, 66.

Williams and his mother, Mrs. Ada K. Williams, 87, Gray's sis-

ter, were slain in their home on Detroit's northwest side last Nov. 30. Their murders have not been solved.

A court aide said Gray was too ill to be told of the deaths. He lived with a niece, Mrs. Fanny H. Conway, who was appointed his guardian last spring. Mrs. Conway is the other beneficiary under Gray's will.

The will is to be examined January 14 before Probate Judge Thomas C. Murphy.

Like moths, sea creatures are attracted to lights.

Five Maroons on All-DUSO; Blanschan Named Player of Year

**Armstrong, Shaub, Stephano
And Engle Also on 1st Team;
Hemingway Is Coach of Year**

Five Kingston High School players, headed by captain Pete Blanschan, who was named 'Player of the Year,' were selected on the All-DUSO League football first team in a poll of the DUSO Sportswriters' Association Wednesday at the Hotel Newburgh. Stan Hemingway of Newburgh Free Academy was named 'Coach of the Year' by a 5-4 margin over Coach Bill Burke of Kingston.

Hobie Armstrong, back; George Stephano, guard; Marv Shaub, tackle; and Marv Engle, end, are the other Maroons who received first-team recognition as Kingston dominated the balloting. Blanschan won first team honors at center for the second consecutive year.

Altogether, 11 Kingston gridsters landed spots on the all-star squad. Three players—Bill Cragan, Bob Smith and Bill Chase—made the second team, while Lee Kias, Mike Wood, and Fran Janeczek received honorable mention.

3 Poughkeepsie Players

Poughkeepsie High School placed three players—tackle Joe Rock, guard Nick Fanatico and back Bill Lenehan—Port Jervis two, and Newburgh one. Port's representatives are end Bill Decker and back Vince Pagano and NFA's Bill Cotton, a back.

Blanschan, Stephano, Engle, Armstrong, and Cotton were unanimous choices. Decker and Pagano, like Blanschan, were honored for the second straight year.

Kingston missed by only one ballot of landing a sixth player on the first club. Cragan, the Maroons' top kicker and one of their most outstanding all-around players, lost out on the second ballot to Pagano 5-4, after a 4-4 vote, one abstention poll on the first go around.

Blanschan and Cotton were the only nominees for the top player award. The great Kingston pivotman compiled six votes to three for the Goldbacks' hard-running fullback.

Anchorman

He (Blanschan) anchored the sterling KHS line which was rated as one of the best in the school's history and near the top in the entire state. The 6-foot, 191-pounder is a furious tackler and blocker and with Stephano earned the reputation as the most fearsome line-backing team juniors.

Taking part in the balloting were George Palmateer and Ed Paladino, Poughkeepsie New Yorker; Bo Gill, Newburgh News, John White, Middletown Times Herald; Ed Gleed, Middletown; Ralph Frederick and Mike Kowal, Port Jervis Union-Gazette and Charles J. Tiana and Sam Anzalone of The Freeman.

Stephano, a studious-looking 5-1 171-pounder was one of

ADVERTISEMENT

WHO CUTS YOUR HAIR?

Syracuse, Nov. 30 (AP)—The Syracuse Nats are in Syracuse to stay, says club president Dan Biasone.

Biasone denied at a news conference yesterday reports that the club is considering a franchise transfer.

"We're in a tough predicament in losing and in drawing (crowds)—but we're not dead; we'll be around for a long time," he said.

Resigns as Manager

At Vernon Downs

Columbus, Ohio, Nov. 30 (AP)—Edwin T. Keller says he resigned his post as general manager of Vernon Downs harness race track on Monday.

Midstate Raceways, Inc., operator of the track, said Wednesday it had notified Keller that his services no longer were required and that it was not renewing his contract.

Keller, who is here to attend a U. S. Trotting Assn. meeting, made his statement yesterday. He did not elaborate.

Newk Signs For 35Gs

Don Newcombe signed for \$30,000 with the Brooklyn Dodgers yesterday, a raise of \$5000 over his 1956 stipend.

The boost coming on the heels of Big Newk's selection as the National League's Most Valuable Player Award and winning of the Cy Young Memorial, makes Newcombe the highest paid pitcher in Dodger history.

Burke Ups TV Swag to \$4,500

Tucson, Ariz., Nov. 30 (AP)—Jackie Burke, a \$4,500 winner in the last two days, was in line for a shot at his third straight victory in a \$39,000 television golf series today.

Burke, this year's PGA and Masters' tournament champion, was matched against Arnold Palmer in the ninth of 13 matches being filmed in Arizona for release as a television feature by a Chicago firm.

Burke shot a 4-under-par 68 to defeat Dutch Harrison by 5 strokes. Yesterday Jackie had beaten Jimmy Demaret the day before. He collected \$2,000 for each victory and picked up another \$500 for carding an eagle on the 10th hole.

Bruins Hold Hockey Lead

By The Associated Press

The Detroit Red Wings and Montreal Canadiens, titans of the National Hockey League, still were playing fiddle to the surprising Boston Bruins today.

All three won last night. The Red Wings beat the New York Rangers 4-1. The Canucks whipped the Toronto Maple Leafs 4-2 and the Bruins shut out Chicago's Black Hawks 2-0.

The results left Boston two points in front of the Wings, who are four points ahead of third-place Montreal.

Triple Delivery

New York (NEA)—In each of the first three games, the New York Giants have given three touchdown performances by a player. Mel Trippett turned the trick against San Francisco and the Chicago Cardinals and Alex Webster against the Cleveland Indians.

Score 20 Points

Sam Claudio scored 20 points for St. Mary's and teamed with Mike Frangello for a 28 double. Tom Ryan soloed for 18 and doubled for 26 with Lou Surhoff for the Knights. Vern Radel scored 19 points for KPBA and Eugene Winters had 20 for the Vets.

First Half Finals

	W	L
St. Mary's Society	44	26
Veterans Foreign Wars	41	29
Moose Lodge	39	31
Power Boat Assn.	33	37

Tidiest Buildings

Great Bromley, England (AP)—Pubs are the tidiest buildings in Essex, says Brig.-Gen. J. T. Vaizey, chairman of the country's "best-kept" village competition. "They are always tidy both in the buildings and the approaches. But many village malls stand in a jungle of weeds."

Show Goes On

Baraboo, Wis. (AP)—A concert at the Al Ringling Theatre here had just begun when a rainstorm disrupted power lines, plunging that portion of the city into darkness for over an hour. But no one left the theatre and the artist played on as though completely unaware of the difficulty. He was Alec Templeton, famed blind pianist.

Use Old Method

Wild rice still is harvested by Minnesota Indians in the same manner as before the white man came. A squaw bends the rice over a boat and knocks the ripened kernels into the craft.

Versace Cracks 694

Phil Versace, the Poughkeepsie hotshot, found the range for a 694 series on alleys 7 and 8 at the Bowldrome in last night's session of the Ferraro Major League.

The Fearless Five anchor

PHIL VERSACE

knocked off games of 248, 235 and 211.

Bob Morris unloaded a hat-trick 213-216-223-632; Harry Weller 218-245-630; Jim Amendola 257-620, Whitey Crispell 558, George Robinson 222-597, Charlie Gildersleeve 204-589, Randy Kelder 221-566, Larry Petersen Jr. 212-591, Joe Ausani 567, Bill Lawrence 206-560, Tim Bilyeu 529, Dick Howard 203-569, Buster Ferraro 536, Ed Esposito 228-

563, Ad Jones 216-592, Russ Lombardo 521, Harold Broskie 535, Don Sickler 222-570, Frank Leskie 500, Vern Van Dusen 210-527, Cliff Davis 213-585, Leo Bechtold 516, Phil Corrado 500, Nick Carl 233-590, George Shufeldt 212-565, Tom Amato 207-534, John Bailey 225-578, Tom McGrane 209-566, John Schatzel 224-548, John Ferraro 233-558, Tom Carlino 219-559, Joe Caschera 205-552, Charlie Gallo 214-567, John Ferraro 551.

Campbell and Rafer One-Two in Olympic Decathlon

Russians Slice American Lead With Four Firsts

By TED SMITS

Melbourne, Nov. 30 (AP)—American handymen Milt Campbell and Rafer Johnson rang up 15 United States points with a one-two finish in the grueling decathlon today to partially offset a strong, female-inspired Russian advance in the Olympic team standings.

Campbell, a former Indiana University fullback from Plainfield, N. J., cracked Bob Mathia's Olympic record in winning the two-day, 10-event test of track and field versatility with 7,937 points. Only a poor performance in the pole vault kept him from breaking the world record as well.

Johnson, holder of the world mark of 7,985 points but hampered by a bad leg, was second with 7,587.

The gold medal for Campbell was the 20th of the games for the U. S. squad and the 13th for Coach Jim Kelly's mighty track and field squad. And, combined with Johnson's five points, it couldn't have come at a more timely moment.

Russia Molls Click

For this was the day that Russia's husky track mulls chose to flex their muscles and the result was 18 points in the women's shot put alone, with both the winner, 220-pound Tamara Tschikovitch, and the runner-up, Zinaida Doinikova, finished fourth to help give Russia its big point boost in the women's shot put.

Johnson's shot put alone was fourth in the women's discus. She got off the best throw of her career—49-7¾.

to surpass the world mark. Johnson, a UCLA student from Kingsburg, Calif., surpassed Campbell only in the pole vault, where he did 12-9½, and in the Javelin, where his toss was 19-8½.

Richards Drops Out

The U. S. third decathlon entry, pole vault champion Bob Richards, of La Verne, Calif., dropped out after the ninth event and finished 12th with 12-7½.

Zinaida Doinikova finished fourth to help give Russia its big point boost in the women's shot put. Both Miss Tschikovitch and Miss Zinaida finished record throws during the semifinals and finals until the bulky Tamara won with a man-size 54 feet, 5 inches to 54-2 for Miss Zinaida.

Shattered was the old Olympic mark of 50-1½ set by Miss Zinaida. The Yanks' seventh straight success sent them into the gold medal finale Saturday night against Russia, a 56-49 winner over France in the other semifinal.

The best U. S. performance in the event was a sixth place for Mrs. Earlene Brown, the hefty Los Angeles housewife who earlier was fourth in the women's discus. She got off the best throw of her career—49-7¾.

Relays Qualify

The only other track final today was the women's 200-meter run and Betty Cuthbert, the Australian streak, won it to become the third double winner of the 1956 games. There were no U. S. entries.

But our units qualified easily for Saturday's finals in the 400-meter and 1600-meter relays. Sprint king Bobby Morroy, Leaman King, Ira Murchison and Thane Baker won their 400 trial in 40.5 seconds and the 400 group of Tom Courtney, Lou Jones, Charlie Jenkins and Jesse Mashburn advanced with a me-

diocre—but good enough—3:10.5.

Bill Yorzyk of Northampton, Mass., and Springfield College broke his own world record as eight qualified for Saturday's 200-meter butterfly final. Yorzyk was timed in 2:18.6—four-tenths of a second under the record he set in the U. S. Olympic trials in Detroit in August. Jack Nelson of Ft. Lauderdale, Fla., also finished 12th with 2:26.8.

Three past or present Ohio State stars, led by Bob Clotworthy of Mountaineer, N. J., placed high in early events of the men's springboard diving.

U. S. Cagers Win

Melbourne, Nov. 30 (AP)—The United States advanced to the finals of the Olympic basketball tournament with ridiculous ease tonight, swamping Uruguay 101-38. The Yanks' seventh straight success sent them into the gold medal finale Saturday night against Russia, a 56-49 winner over France in the other semifinal.

The southern zone includes all the western and southern part of the state. It is bounded on the north by the Salmon river at Lake Ontario, along Route 49 to Rome, Route 365 to Trenton, Oneida county, Route 28 and 29 to Route 4, up Route 22 to Comstock and from Route 30B to the Vermont border.

The season ends tomorrow also in Delaware, Schoharie and Otsego counties, in the section of Herkimer county in the southern zone and the western part of Albany county.

On Dec. 4 the season ends in Columbia, Dutchess, Greene, Orange, Putnam, Rensselaer, Rockland, Schenectady, Sullivan and Ulster counties. No antlerless deer may be taken in those counties. Deer of either sex may be taken through Dec. 15 with longbows only in Westchester county.

Attendance Mark

Miami, Fla. (NEA)—With attendance above 290,000, Miami of Florida needs 50,000 for its nationally televised football game with Pittsburgh, Dec. 8, to set a new school seasonal attendance record.

Greens to Grazing

Birmingham, Ala. (NEA)—Dick Metz, prominent on the professional golf tour through the late 1940's, is now raising cattle in Alabama.

Coral Gables, Fla. (NEA)—Tony Despirito will attempt a riding comeback at Tropical Park.

Russians Gain In Point Race

Melbourne, Nov. 30 (AP)—Russia made another gain on the United States in the unofficial point scoring at the Melbourne Olympics today, scoring 50 points in three sports while the U. S. picked up 29, of which 15 came in

'May Rule Out Union

Honolulu, Nov. 30 (AP)—Senate hearings into communism here open today. They could result in recommendations that Harry Bridges' International Longshoremen's and Warehousemen's Union be put out of business in Hawaii. Some 17,000 members of the union's 24,000 Hawaii members plan to stop work in protest. ILWU officials haven't said for how long. Several thousand members plan a march on historic Iolani Palace, site of the hearings.

Other Products

Famed for its automobile production, Michigan also leads the nation in production of cereal foods, machine tool accessories, salt, and furniture for public buildings.
